Summary of Legislation Considered by the Joint Standing Committees
August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on State and Local Government

Committee Amendment "A" (S-175) replaced the resolve and proposed to direct the Commissioner of Agriculture, Food and Rural Resources and the Commissioner of Health and Human Services to develop a task force to study licensing conflicts between their 2 departments. The amendment would set a deadline of January 15, 2006 for the task force to report its findings and recommendations and gives the Joint Standing Committee on State and Local Government the authority to report out legislation based on those findings in the Second Regular Session of the 122nd Legislature. The costs of the study are to be absorbed by the 2 departments involved.

LD 1315 proposed to authorize the Legislative Council to film legislative sessions and make the archival copies of the legislative proceedings available to the public. It also establishes a fund to be used to carry out the recording and archiving.

Committee Amendment "A" (H-414) proposed to authorize Internet broadcast of legislative sessions in addition to audio feed and visual recordings that are to be archived. The amendment would prohibit the use of audio and video recordings for political purposes, with a violation being a Class E crime. The Legislative Council is authorized to determine copyright and other procedures. Recordings, both archived and Internet video, will begin only if there is sufficient money raised through grants, gifts, bequests and donations and no budget appropriation is required.

Senate Amendment "A" to Committee Amendment "A" (S-353) proposed to allow the Legislative Council to equip the chambers of the Senate and House of Representatives with cameras and recording equipment but authorize the use within each chamber only when in conformity with the rules of that chamber. This amendment would also provide authority to the Legislative Council to equip the legislative committee hearing rooms with cameras and recording equipment.

Senate Amendment "B" to Committee Amendment "A" (S-355) proposed to allow the Legislative Council to equip the chambers of the Senate and House of Representatives with cameras and recording equipment but authorize the use within each chamber only when in conformity with the rules of that chamber.
