122nd Legislature First Regular Session and First Special Session

Summary of Legislation Considered by the Joint Standing Committees August 2005

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing select committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is organized by committees and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. A subject index for each committee is included immediately before the bill summaries for that committee, and a numerical index by LD number is included at the back of the document. A separate publication, <u>History and Final Disposition of Legislative Documents</u>, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla).

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

LD 1601

An Act To Prevent the Manufacturing of Methamphetamine in PUBLIC 430 Maine

Sponsor(s)	Committee Report	Amendments Adopted
EDMONDS	OTP-AM	S-334
RICHARDSON J		

LD 1601 proposed to place several restrictions on over-the-counter decongestant cold medicines that can be used in the toxic chemical process of making the illegal drug methamphetamine. The bill proposed to affect medicines in solid pill or dry form that contain ephedrine, pseudoephedrine or phenylpropanolamine because those products are commonly used to manufacture methamphetamine. The bill proposed to define those products as "targeted methamphetamine precursors."

The bill proposed to exempt medicines in liquid, gel cap or liquid-filled capsule form because those products are not commonly used to manufacture methamphetamine.
