122nd Maine Legislature Second Regular Session

Summary of Legislation Before The Joint Standing Committees

Enclosed please find a summary of all bills, resolves, joint study orders, joint resolutions and Constitutional resolutions that were considered by the joint standing committees of the Maine Legislature this past session. The document is a compilation of bill summaries which describe each bill and relevant amendments, as well as the final action taken. Also included are statistical summaries of bill activity this session for the Legislature and each of its joint standing committees.

The document is organized for convenient reference to information on bills considered by the committees. It is arranged alphabetically by committee name and within committees by bill (LD) number. The committee report(s), prime sponsor for each bill and the lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are listed by paper number. Two indices, a subject index and a numerical index by LD number are provided for easy reference to bills. They are located at the back of the document. A separate publication, History and Final Disposition of Legislative Documents, may also be helpful in providing information on the disposition of bills. These bill summaries also are available at the Law and Legislative Reference Library and on the Internet (www.state.me.us/legis/opla/billsumm.htm).

MOORE G	OTP-AM MAJ OTP-AM MIN ONTP MIN	

LD 1908 proposed to provide the Governor with an annual salary 10% greater than the annual salary of any other official of State Government. In accordance with the Constitution of Maine, Article V, Part First, Section 6, the increased salary would not apply to the Governor who is serving on the effective date of the legislation during that Governor's continuance in office.

Committee Amendment "A" (H-896) proposed to set the Governor's salary at 2 times the median family income in the State, starting in January 2007, as determined by the most recent American Community Survey conducted by the United States Census Bureau. Every 4 years, the Governor's salary would be recalculated according to the most recent median family income. The amendment also proposed to add an appropriations and allocations section to the bill.

Committee Amendment "B" (H-897), which is the minority report, proposed that the State Compensation Commission considers the compensation of the Governor in its biennial report.
