123RD LEGISLATURE

FIRST REGULAR SESSION

LEGISLATIVE DIGEST OF BILL SUMMARIES AND ENACTED LAWS

This *Legislative Digest of Bill Summaries and Enacted Laws* summarizes all bills and adopted amendments and all laws enacted or finally passed during the First Regular Session of the 123rd Maine Legislature, which was in session from December 6, 2006 to June 21, 2007.

The *Digest* is arranged alphabetically by committee, and within each committee by LD number. The committee report(s), prime sponsor and lead co-sponsor(s), if designated, are listed below each bill title. All adopted amendments are summarized and listed by paper number. A subject index is included with each committee. The appendices include a summary of relevant session statistics, an index of all bills by LD number and an index of enacted laws by law type and chapter number.

Final action on each bill is noted to the right of the bill title. The abbreviations used for various categories of final action are as follows:

Joint Standing Committee on Marine Resources

within 8 weeks of the reclassification of an area whether or not it intends to develop a pollution abatement plan. If a municipality develops a pollution abatement plan within 2 years from the date of the reclassification, the Commissioner of Marine Resources must obtain the permission of the municipality before opening the area to depuration harvesting. If the municipality does not wish to develop a pollution abatement plan or if it fails to notify the commissioner within the 8-week period, municipal approval is not required before opening the area to depuration harvesting. This committee amendment allows a town to manage the depuration harvesting within its jurisdiction if it has a depuration management plan approved by the Commissioner of Marine Resources. It also requires a depuration plant operator to file a general management plan with the Commissioner of Marine Resources that includes a timeline for harvest, harvest limits and harvester selection.

House Amendment "A" (H-33)

This House amendment is a technical amendment that provides a missing legal action verb.

Enacted Law Summary

Public Law 2007, chapter 15 allows a town with a municipal shellfish conservation committee 2 years to develop a pollution abatement plan to manage a shellfish growing area within its jurisdiction that has been downgraded to a restricted classification after January 1, 2006, before that area is opened to depuration harvesting. Beginning April 1, 2007, a municipality must notify the commissioner within 8 weeks of the reclassification of an area whether or not it intends to develop a pollution abatement plan. If a municipality develops a pollution abatement plan within 2 years from the date of the reclassification, the Commissioner of Marine Resources must obtain the permission of the municipality before opening the area to depuration harvesting. If the municipality does not wish to develop a pollution abatement plan or if it fails to notify the commissioner within the 8-week period, municipal approval is not required before opening the area to depuration harvesting. Under current law, the Commissioner of Marine Resources must consult with a municipal shellfish conservation committee before opening an area for depuration digging. Public Law 2007, chapter 15 allows a town to manage the depuration harvesting within its jurisdiction if it has a depuration management plan approved by the Commissioner of Marine Resources. It also requires a depuration plant operator to file a general management plan with the Commissioner of Marine Resources that includes a timeline for harvest, harvest limits and harvester selection.

Public Law 2007, chapter 15 was an emergency measure effective March 22, 2007.

LD 492

An Act To Clarify Who Receives Money from Fines for Violations of Maine's Soft-shelled Clam Laws

**DIED ON
ADJOURNMENT**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MACDONALD	OTP-AM	H-205

LD 492 requires that a fine collected for a violation of soft-shelled clam laws be paid to the municipality in which the violation occurred.

Committee Amendment "A" (H-205)

This committee amendment replaces the bill and clarifies that fines issued pursuant to a violation of a municipal shellfish conservation ordinance must be paid to the municipality in which the violation occurred.
