for electing voter members on a charter commission for a municipality that has municipal officers elected both at-large and by district. That number would be equal to the total number of elected municipal officers on the board or council of that municipality.

#### Committee Amendment "A" (S-426)

This amendment clarifies that a municipality is authorized to elect the members of a municipal charter commission by the procedure in the bill but that it is not mandatory for municipalities that have both at-large and district or ward municipal officers on the town or city council to use this method. The amendment adds an emergency preamble and emergency clause so that the City of Portland can include a question about the need for a new charter commission at the next regularly scheduled election in June 2008, and the members of that commission can be elected at the November 2008 election if the commission question is approved. It also clarifies that a community may hold an election for commission members at the next regularly scheduled election no more than 200 days after the referendum authorizing the charter commission.

#### **Enacted Law Summary**

Public Law 2007, chapter 495 amends the procedure for the election of members to a municipal charter commission. It gives a municipality the option to either include the election of voter members on the same ballot as the question authorizing the commission or have members elected no later than the first regular or special municipal or state election that occurs no more than 200 days after the vote authorizing the charter commission. It also provides for a third method for electing voter members on a charter commission for a municipality that has municipal officers elected both at-large and by district. That number would be equal to the total number of elected municipal officers on the board or council of that municipality.

Public Law 2007, chapter 492 was enacted as an emergency measure effective March 14, 2008.
