Joint Standing Committee on Education and Cultural Affairs

The bill creates a statewide school accountability system by strengthening the existing school approval law. Under existing law, the commissioner is authorized to determine whether schools meet basic school approval standards, including the standard requiring all units to prepare and implement a comprehensive education plan aligned with the system of learning results, focused on the learning of all students and oriented to continuous improvement. This bill requires a school administrative unit that is identified as needing assistance to create a school improvement plan to correct any aspects of the school that do not comply with school approval standards in statute and rule. The bill sets forth specific strategies that may be included in a school improvement plan and calls for additional strategies if the school fails to improve after 2 years. It also provides school choice for students whose school loses basic school approval.

Committee Amendment "A" (H-558)

This amendment, which is the minority report of the Joint Standing Committee on Education and Cultural Affairs, amends the bill to make the following changes.

1. It removes the provisions that provide school choice for students whose school loses basic school approval.
2. It inserts a reference in the school assistance provisions amended by the bill to the provision that authorizes the Commissioner of Education to develop major substantive rules to implement the purposes of the laws regarding standards and assessment of student performance in the Maine Revised Statutes, Title 20-A, chapter 222.
3. It provides that a school administrative unit may file an appeal to the State Board of Education of a decision by the Department of Education to withdraw basic school approval due to the failure of the school administrative unit to participate in the development or implementation of a school improvement plan.
