An Act To Require the Department of Health and Human Services To Update Its Rules Governing Services for Children with Cognitive Impairments and Functional Limitations

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LIBBY	OTP-AM ONTP	S-193

This bill requires the Department of Health and Human Services to annually update MaineCare coverage for rehabilitative and community support services for children with cognitive impairments and functional limitations. The bill also requires the department to amend MaineCare rules for those services, specifically amending the definitions of and coverage for specialized services and specialized services for children with cognitive impairments and functional limitations.

Committee Amendment "A" (S-193)

This amendment, which is the majority report of the committee, establishes an ongoing working group to evaluate research on treatments for children with cognitive impairments and functional limitations to determine treatments that are evidence-based and that may be eligible for MaineCare and to submit recommendations to the Commissioner of Health and Human Services. The working group shall submit a report on findings, current level of evidence and actions taken by the Department of Health and Human Services to the joint standing committee of the Legislature having jurisdiction over health and human services matters by January 15th of each odd-numbered year. It adds a requirement for the Department of Health and Human Services to publish a list of evidence-based treatments for children with cognitive impairments and functional limitations that are reimbursed by MaineCare. The amendment retains the rule-making requirement in the bill.
