This bill gives the Commissioner of Education the authority to designate a school administrative unit to enroll a student when the student's school administrative unit neither maintains a school nor contracts with another school administrative unit and no school administrative unit enrolls the student voluntarily. For a student receiving special education services, the bill requires a resident school administrative unit to pay to the receiving school administrative unit tuition, special education tuition, other costs directly related to the student's special education and costs associated with due process proceedings for providing a free, appropriate public education.

This bill makes the following changes to the laws relating to public charter schools.

1. The bill allows charter schools authorized by a local school board or a collaborative among local school boards to give enrollment preference to residents of the school administrative unit or units whose school board or school boards authorized the charter school.
2. The bill extends the submission deadline for a charter school authorizer's annual report to the Commissioner of Education from 60 to 90 days after the end of the school fiscal year and adds language to address the disposition of graduation records and records of other students not transitioning to another Maine public school if a charter school closes.
3. The bill adds language to reflect that charter schools are subject to educator effectiveness requirements.
4. The bill provides that the compulsory attendance laws apply to virtual charter schools.
5. The bill allows the Commissioner of Education to designate the school administrative unit that is responsible for oversight of the individualized education program of a child with a disability who is a state ward and is placed in an out-of-state residential treatment center by the Department of Health and Human Services.
6. For a charter school in a school administrative unit with an enrollment of 500 or fewer students, current law caps the number of students from the school administrative unit that the charter school may enroll during its first three

years of operation at five percent of the school administrative unit's noncharter public school students per grade level. The bill provides that if five percent of the school administrative unit's noncharter public school students per grade level is less than one, the charter school may enroll one student from the school administrative unit per grade level in each of the charter school's first three years of operation.

This bill was not referred to a committee.
