Joint Standing Committee on Appropriations and Financial Affairs

PART N eliminates the requirement that the Maine Community College System make contributions toward payment of the unfunded liability and administrative costs to the Maine Public Employees Retirement System for retirees who elected to participate in a defined contribution plan and repeals the obligation of the Department of Administrative and Financial Services to develop long-term strategies to create funding methods for future salary increases resulting from the Maine Community College System collective bargaining process. This Part also authorizes the transfer of \$13,990,596 to the General Fund that would otherwise lapse to the Salary Plan program.

PART O establishes a reserve fund within the Department of Administrative and Financial Services for the operation of the Maine Military Authority and transfers \$7,000,000 to that fund from the General Fund unappropriated surplus.

PART P establishes the Opioid Health Home Program administered by the Department of Health and Human Services and provides funding for the program.
