LD 421 An Act To Promote Economic Development and Critical Communications for Rural Family Farms, Businesses and Residences by Strategic Public Investment in High-speed Internet ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCREA D DOW D	ONTP	

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to increase funding to the ConnectME Authority from \$1,000,000 to \$5,000,000 to expand universal broadband and high-speed Internet into rural areas identified as the 6% of the State unserved by high-speed Internet. This bill proposes to make expanding high-speed Internet into unserved rural areas a key emphasis in the economic development of the state and to multiply the return to the State by directing the ConnectME Authority to use the increased funding to increase the rate of strategic broadband investment and leverage additional federal funding to provide middle-mile and last-mile infrastructure in the unserved areas and to correct broadband deficiencies identified in the ConnectME Authority's baseline update of 2013.

LD 422 An Act To Create the Water Resources Planning Committee Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SYLVESTER M CARSON B	OTP-AM ONTP	H-94

This bill imposes a two-year moratorium, beginning November 1, 2017, on new contracts or agreements by a consumer-owned water utility, municipality, state agency or other governmental entity involving the extraction of more than 75,000 gallons of groundwater during any week or more than 50,000 gallons of groundwater on any day. The bill also directs the Commissioner of Environmental Protection to convene a working group to develop the statutory and regulatory framework for the establishment of the Maine Water Trust, which must be designed to ensure a safe and plentiful drinking water supply to all residents of the State by regulating the use of groundwater for commercial purposes under laws that establish the absolute control and dominion of the State over all groundwater supplies in the State. The commissioner must, on or before January 15, 2019, report the recommendations of the working group to the joint standing committee of the Legislature having jurisdiction over environment and natural resources matters, which may report out a bill to implement those recommendations to the First Regular Session of the 129th Legislature.

Committee Amendment "A" (H-94)

This amendment is the majority report of the committee and it replaces the bill and changes the title. The amendment requires the Department of Agriculture, Conservation and Forestry to convene the Water Resources Planning Committee. The amendment describes requirements related to committee membership, meetings and reporting. It details three phases on which the committee is required to focus effort. It also requires the committee to conduct an annual review of state policy in regard to water resources, provide guidance to municipalities and develop and disseminate educational materials on water resources and the regulatory regime.
