Joint Standing Committee on Marine Resources

harvesting any marine organism is prohibited. The designated conservation area must be clearly marked with signs that identify the municipality that designated the area and indicate the purpose of the designated area. Current law imposes certain fines upon municipal shellfish license holders who harvest shellfish from an area closed for conservation purposes. This bill amends that provision to impose certain fines on municipal shellfish license holders and nonlicense holders who harvest any marine organism from an area closed pursuant to a municipal shellfish conservation ordinance.

LD 373 An Act To Create Pathways To Enter Alternative Marine Industries ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
ALLEY R MAKER J	ONTP	

This bill is a concept draft pursuant to Joint Rule 208.

This bill proposes to allow a person who has completed a lobster and crab fishing apprenticeship to enter a lottery to be allowed to engage in scallop harvesting in the lobstering off-season.

LD 392 An Act Regarding Legal Lobster Haul Times outside of the 3-mile Line ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
TUELL W	ONTP	

This bill allows a person who holds a State-issued lobster and crab fishing license who has declared the easternmost lobster management zone as that person's declared lobster zone and who holds a federal permit to fish for lobster to raise or haul a lobster trap during any time of day and on any day of the year seaward of the State's territorial waters.

LD 431 An Act To Ensure Participation and Equity in the Shellfish Depuration Certification and Compensation Process for Municipalities ONTP

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
MCCREIGHT J DOW D	ONTP	

This bill amends the laws concerning the shellfish depuration harvesting process to clarify communication between the Department of Marine Resources, municipalities, depuration certificate applicants and holders and licensed commercial shellfish harvesters during the certification process. It also raises the rate of reimbursement paid to the municipality by the depuration certificate holder from 50¢ for each bushel of soft-shelled clams to 25% of the current market value for each bushel. The bill establishes a penalty for noncompliance with any provision of the law regulating the soft-shelled clam depuration harvesting process; a depuration certificate holder found by the department to be in noncompliance is prohibited from engaging in depuration activities under this subsection for a period of one year from the date of the department's finding.
