This bill changes the formula for calculating distributions of state-municipal revenue-sharing funds. The bill provides that revenue-sharing funds will be distributed only to municipalities with mill rates exceeding 10 mills. The bill also provides an adjustment that results in greater reimbursements to municipalities that have a lower mill rate than their average mill rate for the preceding five years than to municipalities that do not. The new distribution formula applies beginning in the 2018-19 fiscal year.
