Joint Standing Committee on State and Local Government

This bill changes, from State Purchasing Agent to Chief Procurement Officer, the title of the position responsible for administering the procurement process for the State. The bill also makes several changes to the laws governing the procurement process as follows:

1. It authorizes the Chief Procurement Officer to enter into multistate agreements and requests for proposals and bids for goods and services;
2. It authorizes the Chief Procurement Officer, with the approval of the Commissioner of Administrative and Financial Services, to adopt rules to provide a process under which a department or agency that purchases goods or services contrary to the State's procurement laws may have funding removed from that department or agency's budget; and
3. It provides that costs for an unsuccessful appeal of a contract or grant award decision must be borne by the person requesting the appeal.

Committee Amendment "A" (H-502)

This amendment is the minority report of the committee. The amendment removes the provision in the bill that provides that costs for an unsuccessful appeal of a contract or grant award decision must be borne by the person requesting the appeal.

This amendment was not adopted.

Amendments Adopted

This bill requires municipalities, counties and their agents, including contracted first responders, to recoup the cost of administering naloxone hydrochloride and other opioid antagonists from individuals to whom they administer those medications a second or subsequent time.

Committee Amendment "A" (H-360)

This amendment is the minority report of the committee. The amendment removes the requirement in the bill that a municipality or county or agent of either make all reasonable efforts to identify whether an individual has previously been administered an opioid antagonist and to recover the cost from the individual if it is a second or subsequent treatment. The amendment, instead, authorizes a municipality, county or agent to make efforts to identify if the individual has had prior treatment with an opioid antagonist, and it authorizes the municipality or county to make efforts to recover from the individual's health insurance provider the cost of the dose administered if it is a second or subsequent treatment. The amendment removes the provision in the bill that imposes a \$1,000 fine on a municipality or county that does not meet the bill's requirements.

This amendment was not adopted.
