Joint Standing Committee on Agriculture, Conservation and Forestry

LD 1593 An Act To Amend the Animal Welfare Laws To Add Provisions Relating to the Surrender of Animals

Died Between Houses

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
SKOLFIELD T	OTP-AM ONTP	

This bill allows the Commissioner of Agriculture, Conservation and Forestry in cases of alleged cruelty to animals to waive costs and fees associated with the surrender of animals, and to decide that the case should not be sent to the attorney for the State, as long as the person who is subject to the investigation has voluntarily surrendered the animals to the Department of Agriculture, Conservation and Forestry and has not previously been charged with cruelty to animals or charged with animal neglect. If the commissioner waives such costs or fees or decides that the case shouldn't be sent to the attorney for the State, the commissioner shall require the person to sign an affidavit stating that the person will never again possess or own animals of the same species as the animals that were surrendered.

Committee Amendment "A" (H-446)

This amendment is the majority report of the committee and provides that the commissioner may not waive costs and fees associated with the surrender of animals or decide that the case should not be sent to the attorney for the State unless the person agrees to sign an affidavit stating that the person will never again possess or own any animals of the same species as the animals that were surrendered until the person can properly care for them and has the financial capacity to properly care for them, as determined by the commissioner.

This amendment was not adopted.

LD 1598 An Act To Allow the Commercial Growth and Sale of Water Spinach in the State

Veto Sustained

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
LAWRENCE M HILL D	OTP-AM ONTP	H-380

This bill requires the Department of Agriculture, Conservation and Forestry to provide information about the proper process for obtaining a federal permit to individuals seeking to grow and sell water spinach in Maine and requires the State to allow the commercial growth and sale of water spinach as long as the permittee follows federal guidelines in the construction of any greenhouse and in the handling of the plants after sale.

Committee Amendment "A" (H-380)

This amendment clarifies the language of the bill. The bill suggests that the State is required to complete a permit application and approve the application on behalf of an applicant for a federal permit to grow and sell *Ipomoea aquatica* Forssk., commonly referred to as water spinach, and then approve the application. The amendment clarifies that the State is prohibited from objecting to the issuance of a federal permit as long as federal guidelines and standards for the handling of the plants are followed.
