Committee Amendment "A" (H-737)

Like the resolve, the amendment establishes within the Department of Health and Human Services a pilot project to provide rapid access to low-barrier treatment for substance use disorders and stable housing to support recovery and create stability for 50 opioid users who are among the most vulnerable and unstable in the State. The amendment details the pilot project objectives, eligibility criteria for pilot project participants and services that must be provided to those participants, including medication-assisted treatment, intensive case management services and financial and case management assistance to ensure immediate and continued access to stable housing. The amendment requires an independent evaluation of the pilot project and directs the department to submit a report to the joint standing committee of the Legislature having jurisdiction over health and human services matters regarding the pilot project by March 15, 2019. The joint standing committee is authorized to submit legislation regarding the pilot project, including legislation to continue or to expand the pilot project, to the First Regular Session of the 129th Legislature.
