SAVIELLO T	ONTP	

Joint Standing Committee on Education and Cultural Affairs

This bill changes the requirement in the system of learning results, which is the foundation for Maine's proficiency-based diploma, from "career and education development" to "vocational preparation and practical life skills," which is defined as experiential instruction of students, regardless of career choice or pathway, that develops their understanding of interests, aptitudes and options related to work and study; develops core workplace skills in areas such as planning, communication, problem solving, teamwork and computer applications; and includes practical workplace and home economics experiences that maximize learning through hands-on application.

LD 1861 Resolve, To Implement Certain Recommendations of the Computer Science Education Task Force and To Update and Implement the Department of Education's Statewide Strategic Plan for Science, Technology, Engineering and Mathematics **Died On Adjournment**

<u>Sponsor(s)</u>	<u>Committee Report</u>	<u>Amendments Adopted</u>
	OTP-AM ONTP	H-757 S-475 LANGLEY B

This resolve was carried over on the Special Appropriations Table from the Second Regular Session of the 128th Legislature to the next special session by joint order S.P. 748.

The resolve is reported out by the Joint Standing Committee on Education and Cultural Affairs pursuant to Resolve 2017, chapter 21, section 4. This resolve includes certain recommendations relating to the creation of a statewide plan for computer science education proposed in the report submitted by the computer science education task force for consideration by the 128th Legislature. The resolve was referred to committee for the usual processing of a resolve by committee.

Committee Amendment "A" (H-757)

This amendment is the majority report of the committee. The amendment strikes and replaces the resolve to include provisions directing the Department of Education to update and implement the strategies for enhancing science, technology, engineering and mathematics education and requires the department to present its statewide plan regarding computer science education across the State's schools and the strategies for science, technology, engineering and mathematics education by April 15, 2019. The amendment directs the Department of Education to assign a full-time staff member to dedicate at least 50% of that staff member's time to supporting computer science education in the State and the statewide strategic plan for science, technology, engineering and mathematics education.

The amendment also adds an appropriations and allocations section.

Senate Amendment "A" To Committee Amendment "A" (S-475)

This amendment requires the Science, Technology, Engineering and Mathematics Council, in consultation with other supportive partners, to host the meetings and provide other services associated with creating the statewide plan for computer science. This amendment also eliminates the one-time funds appropriated to the Department of Education for costs associated with developing the statewide plan.
