This bill provides one-time funding for the Department of Economic and Community Development to provide funds from the Maine Coworking Development fund for the expansion of existing collaborative workspaces. The bill directs the Department to give preference to applicants with projects in counties in which the unemployment rate exceeds the statewide unemployment rate.

Committee Amendment "A" (H-146)

This amendment is the majority report of the Joint Standing Committee on Innovation, Development, Economic Advancement and Business.

This amendment requires that in determining awards for collaborative workplace development through funds appropriated to the Maine Coworking Development Fund, the Department of Economic and Community Development use a competitive bid process, rather than a request for proposal process. This amendment expands the pool of potential applicants to include entities seeking to establish new collaborative workplaces and directs the department to prioritize new development. It directs the department to engage in at least two rounds of competitive applications and also directs that any funds remaining from the remaining 2019-20 appropriation be carried over into 2020-21.

This amendment also replaces the requirement for an annual report by the department to the President of the Senate and the Speaker of the House of Representatives with a report to the joint standing committee of the Legislature having jurisdiction over innovation, development, economic advancement and business matters.

Senate Amendment "A" To Committee Amendment "A" (S-323)

This amendment eliminates the provision in Committee Amendment "A" that requires that funds be provided to entities to develop collaborative workspaces. It also removes the language that directs the Department of Economic and Community Development to prioritize development of new workspaces in the competitive application process and to engage in at least two rounds of competitive applications. It also removes the one-time General Fund appropriation.

This bill adds artificial and prerecorded voice calls to the prohibited types of solicitation calls and adds all residential telephone numbers within the State to the list of recipients to whom calls using automated calling devices and artificial and prerecorded voice calls may not be made.

This bill also makes it an unfair trade practice for a seller or telemarketer to cause misleading information to be transmitted to users of caller identification services or to otherwise misrepresent or disguise the origin of a solicitation call.
