### **Committee Amendment "A" (H-312)**

This amendment, which is the minority report of the committee, retains the provisions of the bill that allow an unenrolled voter to vote in a single party's primary election without having to enroll in a political party.

Under current law, a voter who changes enrollment from one political party to another political party may not vote in any caucus, convention or primary election for 15 days after changing enrollment, unless the voter changes the voter's voting residence at the same time that the voter changes political party enrollment. This amendment similarly prohibits a voter who withdraws from a political party from voting in any caucus, convention or primary election for 15 days after withdrawing, unless the voter changes the voter's voting residence at the same time that the voter withdraws from a political party.

This amendment also requires an election clerk to record on the incoming voting list which party's primary ballot, if any, is requested by and issued to an unenrolled voter during a primary election. After the primary election, this information must be entered in the central voter registration system.

This amendment further provides that the effective date of this legislation is July 1, 2021.

This amendment was not adopted.
