Joint Standing Committee on Appropriations and Financial Affairs

The funds provided by this bond issue, in the amount of \$50,000,000, will be used to provide funds to the Finance Authority of Maine for zero-interest student loans and loan consolidation or refinancing interest rate reductions for certain Maine residents who agree to live and work in Maine for at least 5 years. The bill creates the Maine Student Loan Debt Relief Program. Under the program, zero-interest loans up to \$10,000 per year for a maximum of 5 years are available to certain Maine residents who study at qualified in-state institutions of higher education and agree to live and work in Maine for at least 5 years following graduation. Loans bearing an annual interest rate of the prime rate of interest plus 2% are available to those who do not live and work in the State upon graduation. The Finance Authority of Maine may provide interest rate reduction payments to residents who use the authority's existing loan consolidation and refinancing program. This option is available to individuals who studied in Maine or outside of Maine and agree to live and work in Maine for at least 5 years. The bill exempts from Maine income tax any benefits received under the program to the extent included in federal adjusted gross income and prohibits individuals who have received benefits under the program from receiving the Maine educational opportunity tax credit.

This bill was carried over to any special or regular session, or both, of the 129th Legislature by joint order, H.P. 1322.
