LD 2087 An Act to Amend the Laws Governing the Licensure of American Sign Language Interpreters

Public Law 2025, chapter 585 authorizes an exemption to American Sign Language interpreter licensure during emergencies. The law provides that, for the purposes of an exemption to American Sign Language interpreter licensure, the determination of an emergency may be made by the Department of Professional and Financial Regulation at the time an emergency occurs or afterward.

The law also creates a broader educational pathway to licensure and extends the period of conditional licensure from 4 to 5 years, with a 6th year granted in cases of extreme hardship.

Public Law 2025, chapter 585 was enacted as an emergency measure effective March 23, 2026.

LD 2088 An Act to Increase Access to Primary Care Provided by Physician Associates

The law also makes optional consultations between a physician associate and a physician or other health care professional and removes the requirement that a physician be accessible at all times for purposes of consultation.

4.
