To Publicity Director, Maine Development Commission
Re: Use of Bridge for Stunts

Answering your recent oral inquiry with reference to the using of the Waldo-Hancock bridge between Prospect and Verona by some parachute jumper, I am pleased to inform you that such a stunt cannot be performed without the consent of the State Highway Commission who have absolute control and superintendent over said bridge, and I am assured by the Chief Engineer of the State Highway Commission that such a stunt will not be permitted by the Commission.

The bridge can be lawfully used only for the purposes for which it was constructed, namely, for the use and convenience of the traveling public in the usual course of travel. I can assure you that any application from any person desiring to use the bridge for any purpose such as you mention will be refused.

Sanford L. Fogg
Deputy Attorney General
