for the calendar years

To:  
Earle R. Hayes, Secretary                      Employees' Retirement System

From:  
Frank A. Farrington, Deputy                      Attorney General

*Retirement under Disability Provisions*

This will acknowledge receipt of your memorandum of February 4th, in which you ask whether an employee of the Highway Department who began work in 1917, and is now about to request retirement under the disability provisions of the retirement law, and who was injured in line of duty in 1932, drawing compensation for some 113 weeks, should have this period of 113 weeks included in figuring his prior service credit.

It is the opinion of this department that this employee was an employee during the period of 113 weeks, and that said period should therefore be included in figuring his prior service credit.
