Re: Deputizing Filling Station Operator to Check Christmas Tree Shipments

This is in answer to your memorandum inquiring whether or not deputy fire wardens appointed under the provisions of chapter 36, section 103, may enforce the provisions of the Christmas Tree Law, so-called, that is chapter 36, section 67-A through 67-J, inclusive. Under section 67-I of the Christmas Tree Law state forestry department personnel may make inspections, investigations and arrests for violations of the Christmas Tree Law.

It is clear that under chapter 36, section 103, deputy fire wardens are state forestry department personnel.

The answer to your memorandum is therefore that a deputy fire warden may enforce the Christmas Tree Law when so assigned by the Commissioner of Forestry.

You have asked if the law relative to use of artificial lights applies (1) to an area permanently closed to deer hunting and (2) to an area closed to deer hunting even though the season may be open in another part of the State.

This law does not apply in each case. Revised Statutes of 1954, chapter 37, section 97-A, reads:

“The use of artificial lights between 1/2 hour after sunset and 1/2 hour before sunrise to illuminate, jack, locate, attempt to locate or show up wild birds or animals shall be unlawful *during open season on deer*, except as provided in section 94, and section 113, subsection IV.” (Emphasis supplied).

You will note that the use of artificial lights for certain purposes is prohibited “during open season on deer.” The phrase “open season” has a definite meaning in the statute. Section 38 provides —

“The words ‘open season’ mean the time during which it shall be lawful to take animals, birds and fish as specified and limited by law.”

Hence, an “open season on deer” is that time during the year when deer may legally be taken in any designated area. Section 91 sets forth the “open season on deer.” This section also provides —
