Dear Dan:

In connection with your request, made on behalf of your client, AVTEC, International, for certain information relating to bids received by Great Northern Paper Company for aerial spraying of budworm in Maine, Great Northern has presented to me and authorized the disclosure of two items of information requested by you concerning the Hillcrest bid. These items are (1) the bid price of Hillcrest and (2) the aircraft makeup offered by Hillcrest as part of its bid. Enclosed you will find information respecting these matters.

Great Northern and the State are providing this particular information as a courtesy only and not under a legal obligation. I assume, of course, that Great Northern would be willing to provide similar information to Hillcrest concerning the AVTEC bid. As you and your client are aware, and as the request for bids and specifications make clear, this project, and any contract entered into with respect thereto, is entered into by Great Northern and is not, except in the event the State is offered and takes an assignment thereof, a project or contract of the State of Maine.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Jeffrey Pidot'.
