This is information staff found useful and may provide useful information to users of this Digest; please note that most LDs do not have a note and lack of a note should not be interpreted as having any significance.

LD 2 An Act to Address Chronic Homelessness by Creating the Housing First Fund

Although this bill was not enacted, the majority amendment to LD 2 as reported out by the Joint Select Committee was incorporated into LD 258, An Act Making Unified Appropriations and Allocations from the General Fund and Other Funds for the Expenditures of State Government and Changing Certain Provisions of the Law Necessary to the Proper Operations of State Government for the Fiscal Years Ending June 30, 2023, June 30, 2024 and June 30, 2025, which became Public Law 2023, chapter 412.

The committee amendment to LD 2 established the Housing First Program within the Department of Health and Human Services to facilitate the delivery of stabilization and support services to residents of properties established or developed to provide permanent housing to persons who have been experiencing chronic homelessness and to fund technical assistance, administered by the Maine State Housing Authority, for the development of housing consistent with the program. The amendment required the department to ensure that funding supplements existing and future services provided under associated programs such as the MaineCare program and the housing outreach and member engagement provider program. The program is funded from the real estate transfer tax by depositing half of the funds that would otherwise be deposited into the General Fund into the Housing First Fund created by the amendment. The amendment authorized 2 positions within the Department of Health and Human Services under the Housing First Fund. The amendment directed the Department of Health and Human Services and the Maine State Housing Authority to jointly adopt rules to administer the program and requires them to report annually to the joint standing committee or joint select committee of the Legislature having jurisdiction over housing matters for the purpose of evaluating the effectiveness of the program. The amendment also directed the Department of Health and Human Services to apply to the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services for state plan amendments to align certain MaineCare rules with the Housing First Program.
