MAINE INSURANCE CODE (1969 Revision)

In conclusion; All in all, the revised Maine Insurance Code represents the accomplishment of a monumental undertaking by the Law Revision Commission, State Officials, the Legislature, and by all concerned. It has been given unsparing effort toward the fulfillment of its objectives. Enactment of the revised code will greatly strengthen the State in regard to the supervision and control of the insurance business; will provide a sound financial base for the operation of the Insurance Department; will afford higher standards of protection for Maine policyholders; will facilitate the transaction of insurance business in the State; and will attract responsible insurance organizations to the State.
