Features in this Guide

Chapter 316 of the Public Laws of 2005, passed by the First Special Session of the 122nd Legislature, added several features to the Guide.

In addition to the Intent and Content summaries prepared by the Office of the Attorney General, and the Treasurer's Statement and analysis of the debt service on the bond issue, this Guide also includes an estimate of the fiscal impact of each statewide referendum on state revenues, appropriations and allocations. The fiscal impact estimate must summarize the aggregate impact that each ballot measure will have on the General Fund, the Highway Fund, Other Special Revenue Funds and the amounts distributed by the state to local units of government.

In addition the Guide may also include public comments in support of or in opposition to each ballot measure. As required by this law, a person filing a public comment for publication must pay a fee of \$500 to the Secretary of State. Fees filed with public comments will be deposited in the Public Comment Publication Fund. The money in this fund must be used for the purpose of publishing the Secretary of State's Guide to the Referendum Election.

Pursuant to Chapter 316 of the Public Laws of 2005, the Secretary of State adopted rules regarding the publication of public comment by proponents and opponents of ballot measures. Chapter 520, Rules Regarding Publication of Public Comments on Statewide Referenda, are available on the Secretary of State's web site at:

STATE OF MAINE

Referendum Election, June 8, 2010

Listing of Referendum Questions

Question 1: People's Veto

Do you want to reject the new law that lowers Maine's income tax and replaces that revenue by making changes to the sales tax?

Question 2: Bond Issue

Do you favor a \$26,500,000 bond issue that will create jobs through investment in an off-shore wind energy demonstration site and related manufacturing to advance Maine's energy independence from imported foreign oil, that will leverage \$24,500,000 in federal and other funds and for energy improvements at campuses of the University of Maine System, Maine Community College System and Maine Maritime Academy in order to make facilities more efficient and less costly to operate?

Question 3: Bond Issue

Do you favor a \$47,800,000 bond issue to create jobs in Maine through improvements to highways, railroads and marine facilities, including port and harbor structures, and specifying the allocation of \$4,000,000 of the transportation bond approved by voters in November 2009 to be used for capital rail purposes?

Question 4: Bond Issue

Do you favor a \$23,750,000 bond issue to provide capital investment to stimulate economic development and job creation by making investments under the Communities for Maine's Future Program and in historic properties; providing funding for research and development investments awarded through a competitive process; providing funds for disbursements to qualifying small businesses; and providing grants for food processing for fishing, agricultural, dairy and lumbering businesses within the State and redevelopment projects at the Brunswick Naval Air Station that will make the State eligible for over \$39,000,000 in federal and other matching funds?

Question 5: Bond Issue

Do you favor a \$10,250,000 bond issue to improve water quality, support drinking water programs and the construction of wastewater treatment facilities and to assist farmers in the development of environmentally sound water sources that will leverage \$33,250,000 in federal and other funds?

Treasurer's Statement

The State of Maine borrows money by issuing bonds. Bonding is a multi-step process which can generally be described as follows:

1. The Legislature decides what it believes should be funded from bond proceeds (money acquired from the sale of bonds) and puts the bonds out for voter approval as required by the State Constitution.
2. The voters, at a statewide election, approve or reject each bond proposal.
3. The State Treasurer issues bonds to pay for those projects approved by the voters or otherwise authorized by the Constitution. A person or institution purchasing the bonds is, in effect, loaning the State of Maine money in return for interest payments during the term of the bond.
4. The Treasurer distributes the money acquired from the sale of bonds in accordance with the legislation authorizing bonds for approved projects.
5. The Treasurer makes payments twice yearly to bond purchasers until the debt is retired.

The following is a summary of the general obligation bond debt of the State of Maine as of **March 31, 2010**.

Bonds Outstanding (Issued and Maturing through 2019):

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

Unissued Bonds Authorized by the Constitution and Laws: **\$ 99,000,000**

Total Authorized but Unissued Bonds: **\$ 211,268,667**

The total amounts that must be paid in the present fiscal year for bonded debt already outstanding (for FY2010): **\$106,976,462.09**

If the bonds submitted here are approved by voters and issued for the full statutory period authorized, an estimate of the total interest and principal that may reasonably be expected to be paid is **\$135,104,250**, representing **\$108,300,000** in principal and **\$26,804,250** in interest.

Sec. A-33. 36 MRSA §5401, as enacted by IB 1983, c. 2, §4, is amended to read:

§5401. Findings and purpose

Inflation erodes the value of ~~personal exemptions and deductions provisions~~ in the Maine individual income tax structure intended to moderate the impact of state and local taxes and distorts fiscal equity among taxpayers. Inflation-induced increases in individual income tax revenues result in annual collections that exceed the amounts anticipated by legislative actions establishing rates, exemptions, deductions and other features of the Maine individual income tax. Furthermore, the income tax laws of this State, in combination with economic inflation, have caused inequitable treatment of the taxpayers because the application of inflexible, statutorily prescribed rates of tax, standard deduction and personal exemption to increasing personal incomes has resulted in increasing the taxpayer's tax liability while the ~~taxpayer's~~ taxpayer's purchasing power has remained the same or, in some instances, has decreased. It is the purpose of this Act to correct this situation by requiring that certain components of the individual income tax structure be adjusted in order to compensate for the impact of inflation.

Sec. A-34. 36 MRSA §5402, sub-§1-B, as enacted by PL 1999, c. 731, Pt. T, §8 and affected by §11, is amended to read:

1-B. Cost-of-living adjustment. The "cost-of-living adjustment" for any calendar year is the Consumer Price Index for the 12-month period ending June 30th of the preceding calendar year divided by the Consumer Price Index for the 12-month period ending June 30, ~~2004~~2012.

Sec. A-35. 36 MRSA §5403, as amended by PL 2009, c. 213, Pt. WWW, §1 and affected by §2, is further amended to read:

§5403. Annual adjustments for inflation

Beginning in ~~2002~~2013, and each subsequent calendar year thereafter, on or about September 15th, the State Tax Assessor shall multiply the cost-of-living adjustment for taxable years beginning in the succeeding calendar year by the dollar amounts of the ~~tax rate tables specified in section 5111, subsections 1-B, 2-B and 3-B~~ base household credit amounts under section 5218-A, subsection 2, the additional credit amount under section 5218-A, subsection 3, the credit phaseout thresholds under section 5218-A, subsection 4, the refundable limits under section 5218-A, subsection 5, the base alternate household credit amounts under section 5218-B, subsection 3, the additional credit amount under section 5218-B, subsection 4 and the maximum base alternate household credit amounts under section 5218-B, subsection 5. If the dollar amounts ~~of each rate bracket~~ for each base household credit amount under section 5218-A, subsection 2, each base alternate household credit amount under section 5218-B, subsection 3 or each maximum base alternate household credit amount under section 5218-B, subsection 5, adjusted by application of the cost-of-living adjustment, are not multiples of \$50~~\$25~~, any increase must be rounded to the next lowest multiple of ~~\$50~~\$25. If the dollar amounts for the additional credit under section 5218-A, subsection 3, the refundable limits under section 5218-A, subsection 5 or the additional credit under section 5218-B, subsection 4, adjusted by application of the cost-of-living adjustment, are not multiples of \$5, any increase must be rounded to the next lowest multiple of \$5. If the dollar amounts for the credit phaseout thresholds under section 5218-A,

subsection 4, adjusted by application of the cost-of-living adjustment, are not multiples of \$50, any increase must be rounded to the next lowest multiple of \$50. If the cost-of-living adjustment for any taxable year would be less than the cost-of-living adjustment for the preceding calendar year, the cost-of-living adjustment is the same as for the preceding calendar year. The assessor shall incorporate such changes into the income tax forms, instructions and withholding tables for the taxable year.

~~Beginning in 2009 and each subsequent calendar year thereafter, the assessor shall reduce the cost-of-living adjustment by an amount that increases estimated noncorporate income tax revenue by \$10,500,000 for that calendar year using as a benchmark the most recent revenue projections of the Revenue Forecasting Committee established in Title 5, section 1710-E.~~

Sec. A-36. Legislative intent. It is the intent of the Legislature that the household credit provided under the Maine Revised Statutes, Title 36, section 5218-A and section 5218-B is to provide relief to low-income and middle-income persons from the disproportionate cost of living in this State including the high cost of heating oil and the heavy reliance of the citizens of the State on heating oil, which is the highest in the nation; the high cost of transportation and the limited availability of public transportation; the disproportionate state and local tax burden, including the extension of sales tax to services; and the high rate of local property taxes that contribute to household costs.

Sec. A-37. Report; authority for legislation. As soon as possible but no later than November 1, 2011, the State Tax Assessor shall submit a report to the joint standing committee of the Legislature having jurisdiction over taxation matters that includes 2010 tax data and revenue projections and shows the actual impact of this Act in 2010 and the projected impact of this Act in 2011 and 2012 on revenues and tax progressivity resulting from the changes in the tax laws effected by this Act.

The committee may submit legislation to the Second Regular Session of the 125th Legislature to adjust the household credit and alternative household credit to maintain revenue neutrality and to ensure that any revenue that exceeds revenue neutrality is used to increase the household and alternative household credits. The legislation may also include changes to the Maine Residents Property Tax Program as a means of providing tax relief.

Sec. A-38. Effective date; application. This Part takes effect January 1, 2010 and applies to income tax years beginning on or after January 1, 2010.

A-1. If the property is a watercraft that is registered outside the State by an owner who is an individual who was a resident of another state at the time of purchase and the watercraft is present in the State not more than 30 days during the 12 months following its purchase for a purpose other than temporary storage;

A-2. If the property is a snowmobile or all-terrain vehicle as defined in Title 12, section 13001 and the purchaser is an individual who is not a resident of the State;

A-3. If the property is an aircraft not exempted under subsection 88 and the owner at the time of purchase was a resident of another state or tax jurisdiction and the aircraft is present in this State not more than 20 days during the 12 months following its purchase, exclusive of days during which the aircraft is in this State for the purpose of undergoing "major alterations," "major repairs" or "preventive maintenance" as those terms are described in 14 Code of Federal Regulations, Appendix A to Part 43, as in effect on January 1, 2005. For the purposes of this paragraph, the location of an aircraft on the ground in the State at any time during a day is considered presence in the State for that entire day, and a day must be disregarded if at any time during that day the aircraft is used to provide free emergency or compassionate air transportation arranged by an incorporated nonprofit organization providing free air transportation in private aircraft by volunteer pilots so children and adults may access life-saving medical care; or

B. For more than 12 months in all other cases.

Property, other than automobiles, watercraft, snowmobiles, all-terrain vehicles and aircraft, that is required to be registered for use in this State does not qualify for this exemption unless it was registered by its present owner outside this State more than 12 months prior to its registration in this State. If property required to be registered for use in this State was not required to be registered for use outside this State, the owner must be able to document actual use of the property outside this State for more than 12 months prior to its registration in this State. For purposes of this subsection, "use" does not include storage but means actual use of the property for a purpose consistent with its design. This exemption does not apply to leased property.

Sec. B-29. 36 MRSA §1760, sub-§82-A is enacted to read:

82-A. Sales of taxable services delivered outside this State. Sales of taxable services performed on or with respect to tangible personal property located outside this State or when the property is brought into this State for performance of the services, and, following the performance of the services, the seller delivers the property to a location outside this State or to the United States Postal Service, a common carrier or a contract carrier hired by the seller for delivery to a location outside this State for use solely outside this State.

Sec. B-30. 36 MRSA §1760, sub-§92 is enacted to read:

92. Certain services. Sales of services that are subject to taxation under chapter 358.

Sec. B-31. 36 MRSA §1760, sub-§93 is enacted to read:

93. Certain taxable services. The sale of a taxable service sold by a person that has made sales taxable under this Part during the most recent calendar year of no more than \$5,000.

Sec. B-32. 36 MRSA §1760, sub-§94 is enacted to read:

94. Services to affiliates. Sales of installation, repair or maintenance services made between affiliated taxpayers that are engaged in a unitary business as defined in section 5102, subsection 10-A.

Sec. B-33. 36 MRSA §1760-C, as amended by PL 2007, c. 437, §11, is further amended to read:

§1760-C. Exempt activities

The tax exemptions provided by section 1760 to a person based upon its charitable, nonprofit or other public purposes apply only if the property or service purchased is intended to be used by the person primarily in the activity identified by the particular exemption. The tax exemptions provided by section 1760 to a person based upon its charitable, nonprofit or other public purposes do not apply where title is held or taken by the person as security for any financing arrangement. Exemption certificates issued by the State Tax Assessor pursuant to section 1760 must identify the exempt activity and must state that the certificate may be used by the holder only when purchasing property or services intended to be used by the holder primarily in the exempt activity. If the holder of an exemption certificate furnishes that certificate to a person for use in purchasing tangible personal property or taxable services that are physically incorporated in, and become a permanent part of, real property that is not used by the holder of the certificate primarily in the exempt activity, the State Tax Assessor may assess the unpaid tax against the holder of the certificate as provided in section 141. When an otherwise qualifying person is engaged in both exempt and nonexempt activities, an exemption certificate may be issued to the person only if the person has established to the satisfaction of the assessor that the applicant has adequate accounting controls to limit the use of the certificate to exempt purchases. The tax exemptions provided by section 1760 to a person based upon its charitable, nonprofit or other public purposes, except for those exemptions provided in section 1760, subsection 6, do not apply to the sale of meals or lodging or the rental of automobiles.

Sec. B-34. 36 MRSA §1763, as amended by PL 2007, c. 693, §16, is further amended to read:

§1763. Presumptions

The burden of proving that a transaction was not taxable is on the person charged with tax liability. The presumption that a sale was not for resale may be overcome during an audit or upon reconsideration if the seller proves that the purchaser was the holder of a currently valid resale certificate as provided in section 1754-B at the time of the sale or proves through other means that the property purchased was purchased for resale by the purchaser in the ordinary course of business. Notwithstanding section 1752, subsection 411-A, paragraph B, if the seller satisfies the seller's burden of proof, the sale is not considered a retail sale.

Sec. B-35. 36 MRSA §1811, first ¶, as repealed and replaced by PL 2007, c. 627, §51 and affected by §96, is amended to read:

A tax is imposed on the value of all tangible personal property and taxable services sold at retail in this State. The rate of tax is ~~7%~~8.5% on the value of liquor sold in licensed establishments as defined in Title 28-A, section 2, subsection 15, in accordance with Title 28-A, chapter 43; ~~7%~~8.5% on the value of rental of living quarters in any hotel, rooming house or tourist ~~or trailer~~ camp; 7% on the value of rental of living quarters in a trailer camp; ~~40%~~12.5% on the value of rental for a period of less than one year of an automobile, including a loaner vehicle that is provided other than to a motor vehicle dealer's service customers pursuant to a manufacturer's or dealer's warranty; ~~7%~~8.5% on the value of prepared food; and 5% on the value of all other tangible personal property and taxable services. Value is measured by the sale price, except as otherwise provided. The value of rental for a period of less than one year of an automobile is the total rental charged to the lessee and includes, but is not limited to, maintenance and service contracts, drop-off or pick-up fees, airport surcharges, mileage fees and any separately itemized charges on the rental agreement to recover the owner's estimated costs of the charges imposed by government authority for title fees, inspection fees, local excise tax and agent fees on all vehicles in its rental fleet registered in the State. All fees must be disclosed when an estimated quote is provided to the lessee.

Sec. B-36. 36 MRSA §1811, 3rd ¶, as repealed and replaced by PL 2003, c. 510, Pt. C, §12 and affected by §13, is repealed.

Sec. B-37. 36 MRSA §1812, sub-§1, as reallocated by PL 1999, c. 790, Pt. A, §48, is repealed and the following enacted in its place:

1. Computation. Every retailer must add the sales tax imposed by section 1811 to the sale price on all sales of tangible personal property and taxable services that are subject to tax under this Part. The tax when so added is a debt of the purchaser to the retailer until it is paid and is recoverable at law by the retailer from the purchaser in the same manner as the sale price. When the sale price involves a fraction of a dollar, the tax computation must be carried to the 3rd decimal place, then rounded down to the next whole cent whenever the 3rd decimal place is one, 2, 3 or 4 and rounded up to the next whole cent whenever the 3rd decimal place is 5, 6, 7, 8 or 9.

Sec. B-38. 36 MRSA §1812, sub-§2, as amended by PL 1991, c. 846, §24, is further amended to read:

2. Several items. When several purchases are made together and at the same time, the tax ~~must~~may be computed on each item individually or on the total amount of the several items, ~~except that purchases taxed at different rates must be separately totaled~~as the retailer may elect.

Sec. B-39. 36 MRSA §1817 is enacted to read:

§1817. Accelerated payment of tax on leases and rentals

Except as provided in section 1818, the tax imposed by this Part on the rental or lease of tangible personal property must be collected by the lessor at the time the property that is the subject of the lease is delivered to the lessee or at the time the initial payment under the lease is required to be made by the lessee, whichever is earlier, on the basis of the total amount of the consideration to be paid by the lessee under the terms of the lease agreement. If the total amount of the consideration for the lease includes amounts that are not calculated at the time the lease is executed, the tax attributable to those amounts must be collected by the lessor at the time those amounts are billed to the lessee. In the case of an open-end lease, the tax must be collected by the lessor on the basis of the total amount to be paid during the initial fixed term of the lease, and then for each subsequent renewal period as it comes due. For purposes of this section, "consideration" includes, without limitation, the amount of any down payment, trade-in credit or 3rd-party rebate that is applied to reduce the cost of the leased property upon which the lease payments are computed. This section does not apply to a lease associated with a sale and leaseback transaction when that sale and leaseback occurs within 90 days of the lessee's original purchase of the equipment.

Sec. B-40. 36 MRSA §1818 is enacted to read:

§1818. Leases and rentals of manufacturing or fabrication facility property

With regard to property located at a manufacturing or fabrication facility, the tax imposed by this Part must be paid by the lessor based on the acquisition cost of the machinery or equipment. Lease or rental

payments by the lessee or renter are not subject to tax under this Part.

Sec. B-41. 36 MRSA §1861, as amended by PL 1995, c. 640, §6, is further amended to read:

§1861. Imposition

A tax is imposed, at the ~~respective~~ rate provided in section 1811, on the storage, use or other consumption in this State of tangible personal property or a taxable service, the sale of which would be subject to tax under section 1764 or 1811. Every person so storing, using or otherwise consuming is liable for the tax until the person has paid the tax or has taken a receipt from the seller, as duly authorized by the assessor, showing that the seller has collected the sales or use tax, in which case the seller is liable for it. Retailers registered under section 1754-B or 1756 shall collect the tax and make remittance to the assessor. The amount of the tax payable by the purchaser is that provided in the case of sales taxes by section 1812. When tangible personal property is leased outside the State and subsequently brought into the State, the tax due under this section is the proportion of the tax otherwise due under this Part that the remaining portion of the lease bears to the entire term of the lease. When tangible personal property purchased for resale is withdrawn from inventory by the retailer for the retailer's own use, use tax liability accrues at the date of withdrawal.

Sec. B-42. 36 MRSA §1862, as amended by PL 1987, c. 772, §24, is further amended to read:

§1862. Taxes paid in other jurisdictions

The ~~use tax provisions of chapters 211 to 225 shall imposed by this Part does not apply with respect to~~ the use, storage or other consumption in this State of purchases outside the State where the purchaser has paid a sales or use tax equal to or greater than the amount imposed by ~~chapters 211 to 225~~this Part in another taxing jurisdiction, ~~the proof of payment of the tax to be according to rules made by the State Tax Assessor.~~ If the amount of sales or use tax paid in another taxing jurisdiction is not equal to or greater than the amount of tax imposed by ~~chapters 211 to 225~~this Part, then the purchaser shall pay to the State Tax Assessor an amount sufficient to make the total amount of tax paid in the other taxing jurisdiction and in this State equal to the amount imposed by ~~chapters 211 to 225~~this Part. When tangible personal property is leased outside the State and subsequently brought into the State, the credit allowed under this section may not exceed the proportion of the tax otherwise due under this Part that the period for which the property was leased in the other taxing jurisdiction bears to the entire term of the lease.

Sec. B-43. 36 MRSA §2020 is enacted to read:

§2020. Removal from the State of leased property

If leased property with respect to which the tax imposed by this Part has been paid on an accelerated basis is permanently removed from the State, the lessee is entitled to a refund of the tax allocable to that portion of the lease that remains in effect after the property has been removed from the State. A refund may not be issued unless the taxing jurisdiction to which the property is removed allows a corresponding refund or does not impose tax on any portion of the lease of property that remains after the property is removed from that taxing jurisdiction. A refund may not be issued if the other taxing jurisdiction allows a credit to the lessee for the sales or use tax paid in this State on the lease transaction. The refund must be requested in accordance with the provisions of section 2011.

Sec. B-44. 36 MRSA §2021 is enacted to read:

§2021. Early termination of lease

If a lease on property with respect to which the tax imposed by this Part has been paid on an accelerated basis is terminated by the lessee before the expiration of the lease term, the lessee is entitled to a refund of the tax allocable to that portion of the remaining lease payments. A refund may not be issued if the early termination is the result of an option to purchase the leased property or the lease has been terminated due to nonpayment.

Sec. B-45. 36 MRSA §2551, sub-§1, as enacted by PL 2003, c. 673, Pt. V, §25 and affected by §29, is repealed.

Sec. B-46. 36 MRSA §2557, sub-§33, as enacted by PL 2007, c. 627, §74, is amended to read:

33. International telecommunications service. Sales of international telecommunications service to a business; and

Sec. B-47. 36 MRSA §2557, sub-§34, as enacted by PL 2007, c. 627, §75, is amended to read:

34. Interstate telecommunications service. Sales of interstate telecommunications service to a business.

Sec. B-48. 36 MRSA c. 720 is enacted to read:

Intent and Content
Prepared by the Office of the Attorney General

This referendum question asks whether Maine voters want to reject legislation enacted by the Legislature and approved by the Governor in June 2009 that reforms the state's income tax structure, broadens the base of the sales tax, and amends the Circuit Breaker Program as follows:

Part A of the legislation replaces the four existing marginal tax rates (which range from 2% on taxable income below \$4,200, up to 8.5% of taxable income over \$16,700) with a flat rate of 6.5% of Maine taxable income. Taxpayers with taxable income of more than \$250,000 would pay, in addition, an income tax surcharge of 0.35% on their Maine taxable income above \$250,000.

The legislation also replaces the current system of standard and itemized deductions with several new tax credits. Tax credits are subtracted from the amount of taxes owed, as compared to deductions, which are subtracted from the amount of taxable income to which the tax rate applies. The principal credit is a refundable household credit for individuals who are full-time Maine residents. The base amount of this credit ranges from \$700 for single individuals to \$1,200 for married taxpayers filing jointly, and the credit increases by \$250 with each exemption that the taxpayer is allowed to claim on their federal income tax return.

The legislation also provides a credit for charitable contributions of more than \$250,000 claimed on a federal income tax return, and a credit for taxpayers who are 65 years or older. The existing earned income tax credit would be retained and made refundable. Refundable tax credits allow for a refund to the taxpayer (up to a maximum amount specified in the law) if the amount of the credit exceeds the amount of tax due.

Both the alternative minimum tax and the alternative minimum tax credit would be repealed for individuals but maintained for corporations. Taxes on lump-sum retirement plan distributions and on early distributions from qualified retirement plans would be repealed. The retirement and disability tax credit and the low-income tax credit would also be repealed.

Part B of the legislation applies the existing 5% sales tax, for the first time, to several categories of services, including many amusement, entertainment and recreational services; installation, repair and maintenance services; personal property services (such as dry cleaning, laundry services, vehicle towing, moving, house cleaning, picture framing, and pet services); transportation and courier services; and long distance telephone service. It would add an airport transportation fee of \$1 per passenger for taxicab and limousine service to or from the airport. The sales tax rate on certain items would increase as follows: on meals, lodging, and liquor served in bars, restaurants and other licensed establishments, from 7% to 8.5%; on candy, from 5% to 8.5%; and on automobile rentals of less than one year, from 10% to 12.5%.

Part C of the legislation makes certain changes to broaden the scope of the Maine Residents Property Tax and Rent Refund "Circuit Breaker" Program. This Program provides partial refunds of property taxes and rent paid by residents with household incomes below certain levels. This legislation repeals the 10-acre limit on the size of the homeowner's or renter's house lot. It also excludes from the calculation of household income (for eligibility purposes) the income of dependents in the household, cash inheritances, and the nontaxable portion of certain other types of income that do not exceed \$5,000.

After the legislation making the above changes was enacted in June 2009, petitioners collected enough signatures of registered voters to refer it to the people for a vote at a statewide election. The legislation has been suspended pending the outcome of this election.

A "YES" vote would reject the new law and keep the current tax laws unchanged.

A "NO" vote would allow the new law to take effect, including all of the above-described changes.

Fiscal Impact Statement

124th MAINE LEGISLATURE

An Act To Implement Tax Relief and Tax Reform

Fiscal Note

Presented below is a summary of the revised fiscal impact of Public Law 2009, chapter 382, with all effective dates delayed by one year from the original effective dates to accommodate the delay imposed by the people's veto process. The impact of the tax changes in the Act has also been adjusted to reflect revised economic and revenue forecasts. All of the revenues and costs presented below are contingent and would occur only if the people's veto fails at the June 2010 referendum.

Summary of Revenue Increases (Decreases)

Total General Fund Revenue	\$0	(\$56,000)	(\$8,275,000)	\$1,972,000

Summary of Administrative Costs:

The original General Fund appropriations to fund the additional administrative costs of Public Law 2009, chapter 382 will remain as originally enacted, despite being delayed by one year. The administrative expenses that would be incurred by Maine Revenue Services, Department of Administrative and Financial Services, include salary and benefit costs for 5 positions in the first year the tax reform package becomes effective, increasing to 11 total positions in the second year, additional programming costs and additional printing and mailing costs. If the people's veto fails, the original appropriations included in the Act would become effective except the appropriations in fiscal year 2009-10, which would not occur due to an effective date after the close of that fiscal year.

Presented below is a comparison of the original appropriations for the administrative costs compared with the revised administrative costs with a delayed effective date of one year. Subsequent legislation will be required to adjust appropriations to reflect the change in costs.

	2009-10	2010-11	2011-12	2012-13
Original appropriations in PL 2009, c. 382	\$523,073	\$1,511,091	\$967,304	\$1,015,664

No Higher Taxes for Maine
Bernstein Shur Government Solutions
Kay Rand

Augusta, ME 04330

The tax reform and relief law enacted by the Legislature last year reduces Maine's maximum income tax rate from 8.5% to 6.5% for nearly all taxpayers. According to data published by the Maine Revenue Service, 95% of Maine residents receive an income tax cut under the new law. More than 88% of Maine taxpayers receive a net tax reduction after taking in account all taxes they pay to the State.

The new law pays for the income tax cut by requiring non-residents and visitors to pay a fairer share of taxes through a modest increase in the meals and lodging tax. Maine had the lowest meals and lodging tax in New England. Additionally, the sales tax was broadened to include entertainment and certain personal property and repair services. The new law is revenue neutral, meaning that changes to the income and sales tax will result in the same amount of total revenue to the state. The Maine Revenue Service estimates that the new law reduces the tax burden on Maine residents by approximately \$53 million, most of which is "exported" to non-resident taxpayers and visitors.

Until passage of this landmark law, Maine had approximately the 7th highest income tax rate in the nation. This discouraged investment by businesses and entrepreneurs and drove many newly retired people out of Maine to states with lower income tax rates.

If the new law is repealed, the maximum income tax rate will increase by nearly 30% (6.5% to 8.5%) and the meals and lodging tax will be reduced from 8.5% to 7% -- far below the regional and national average - rewarding visitors with a significant tax break.

If you want a fairer tax code, more investment in Maine's economy, lower income taxes and lower taxes overall, please vote NO on Question 1.

Question 2: Bond Issue

Do you favor a \$26,500,000 bond issue that will create jobs through investment in an off-shore wind energy demonstration site and related manufacturing to advance Maine's energy independence from imported foreign oil, that will leverage \$24,500,000 in federal and other funds and for energy improvements at campuses of the University of Maine System, Maine Community College System and Maine Maritime Academy in order to make facilities more efficient and less costly to operate?

The Governor shall review the returns. If a majority of the legal votes are cast in favor of this Part, the Governor shall proclaim the result without delay and this Part becomes effective 30 days after the date of the proclamation.

The Secretary of State shall prepare and furnish to each city, town and plantation all ballots, returns and copies of this Part necessary to carry out the purposes of this referendum.

**Intent and Content

This Act would authorize the State to issue bonds in an amount not to exceed \$26,500,000, for projects as described below. The bonds would run for a period not longer than 10 years from the date of issue and would be backed by the full faith and credit of the State.

Proceeds of the sale of bonds would be used to upgrade infrastructure and improve energy efficiency at all campuses of the following institutions, up to the following amounts:

- \$9,500,000 for the University of Maine System;
- \$5,000,000 for the Maine Community College System; and
- \$1,000,000 for the Maine Maritime Academy

The remaining \$11,000,000 of the bond proceeds would be placed in the Maine Marine Wind Energy Demonstration Site Fund created by the Legislature to provide funds for research, development and product innovation associated with developing one or more ocean wind energy demonstration sites. Funds could be used to conduct siting studies for offshore wind sites, and to design, develop prototypes for, and test offshore structures, composites and components that could be manufactured in Maine. This Fund would be administered by the University of Maine. It is anticipated that funds from this portion of the bond proceeds would leverage \$24,500,000 in additional funds from other sources.

If approved, the bond authorization would take effect 30 days after the Governor's proclamation of the vote.

A "YES" vote favors authorizing the \$26,500,000 bond issue to finance the above activities.

A "NO" vote opposes the bond issue in its entirety.

Intent and Content
Prepared by the Office of the Attorney General

This Act would authorize the State to issue bonds in an amount not to exceed \$47,800,000, to be administered by the Department of Transportation for the activities described below.

Highways: Proceeds of the sale of bonds in the amount of \$24,800,000 would be used for reconstruction and paving of state highways.

Railroads: The state would use \$7,000,000 of the bond proceeds towards the purchase and preservation of approximately 240 miles of railroad track in Aroostook County currently owned by the Montreal, Maine and Atlantic Railway. The railway would be operated by a rail operator selected by the state through a competitive process, in consultation with shippers and other stakeholders of the track.

Bond proceeds in the amount of \$5,000,000 would be used to purchase a portion of rail line and to make improvements related to improving freight rail service and preparing for passenger rail service to Lewiston and Auburn. Another \$4,000,000 would be used to repair and improve portions of the Mountain Division Railroad that is already owned by the state and is located between Windham and Fryeburg.

In addition to the funds authorized by this bond issue, \$4,000,000 of the previous bond issue allocated for railroad purposes and approved by the voters in November 2009 would be specifically allocated to the purchase and preservation of railroad tracks in Aroostook and Penobscot counties.

Marine facilities: The remaining \$7,000,000 in bond proceeds would be used for marine-related improvements, including specifically: \$6,500,000 to construct a deep water pier at the Ocean Gateway facility in Portland to accommodate large vessels such as cruise ships; and \$500,000 for the Small Harbor Improvement Program, administered by the Department of Transportation, to provide matching grants to coastal communities for improvements to municipally owned marine facilities such as boat ramps, piers and wharfs.

The bonds would run for a period not longer than 10 years from the date of issue and would be backed by the full faith and credit of the State. If approved, the bond authorization would take effect 30 days after the Governor's proclamation of the vote.

A "YES" vote favors authorizing the \$47,800,000 bond issue to finance the above activities.

A "NO" vote opposes the bond issue in its entirety.

The commission may provide funds to the qualified organization for purposes outlined in subsection 4.

All funds received must be deposited into the revolving fund.

Intent and Content
Prepared by the Office of the Attorney General

This Act would authorize the State to issue bonds in an amount not to exceed \$23,750,000 for the activities described below.

Proceeds of the sale of bonds in the amount of \$1,250,000 would be placed in a new Historic Preservation Revolving Fund to be administered by the Maine Historic Preservation Commission. The fund would be used to help qualified nonprofit historic preservation organizations purchase significant historic properties and then re-sell those properties at fair market value to new owners (private, nonprofit or public), subject to an easement or covenant requiring the new owner to preserve, and rehabilitate or restore the properties. Net proceeds from the resale would be repaid to the Fund.

Proceeds of the sale of bonds in the amount of \$3,500,000 would be placed in the Communities for Maine's Future Fund, to be administered by the Department of Economic and Community Development and used to provide matching grants to cities and towns for projects to revitalize, rehabilitate and enhance downtowns, village centers and main streets in the state. Statutory criteria and procedures for administering this fund and the Historic Preservation Revolving Fund would take effect if the bond issue is approved.

The Maine Technology Institute would administer \$3,000,000 of the bond proceeds to provide matching grants for research and development and commercialization projects, in accordance with priorities established by the Office of Innovation in the current Science and Technology Action Plan for Maine. The funds would be allocated to projects in the areas of environmental and renewable energy technology, biomedical and biotechnology, aquaculture and marine technology, composite materials technology, advanced technologies for forestry and agriculture, information technology, and precision manufacturing technology to public and private entities in Maine, through a competitive process, and recipients would be required to match these State dollars with an equivalent amount of federal or private funds.

The Department of Economic and Community Development would use another \$8,000,000 of the bond proceeds for redevelopment projects at the Brunswick Naval Air Station, including rehabilitating buildings to comply with fire codes and the Americans with Disabilities Act, and other site improvements. Up to \$4,750,000 of these funds could be used to develop a higher education engineering and economic development center at the site. It is anticipated that these bond funds will leverage \$32,500,000 in federal funds.

The Finance Authority of Maine (FAME) would administer \$1,000,000 of the bond proceeds in the form of grants for food processing for fishing, agricultural, dairy and lumbering industries in the state. If the bond is approved, FAME would be required to establish rules to administer grants from these funds for food processing for the fishing and agricultural industries in the state.

An additional \$3,000,000 in bond proceeds would be distributed by FAME through the existing Economic Recovery Loan Program, which provides loans to Maine businesses that do not have sufficient access to credit but demonstrate the ability to survive, preserve and create jobs and repay the obligations. Projects that may be financed must pertain to manufacturing, industrial, recreational or natural resource enterprises in Maine that are determined by the Authority to provide significant public benefits in relation to the amount of the loan. The loan requirements for this program are more fully set forth in Title 10 M.R.S.A. section 1026-J and in rules developed by FAME.

Another \$4,000,000 in bond proceeds would be administered by FAME as part of the Small Enterprise Growth Fund, which is used to provide loans to qualifying businesses with 50 or fewer full time equivalent employees and gross sales of \$5 million or less that show potential for high growth and public benefit. To qualify, businesses must be engaged in at least one of the following: marine sciences, biotechnology, manufacturing, exports of goods or services outside the state, software development; provision or development of environmental services or technologies, or financial or insurance products or services; production of value-added goods from natural resources; and other enterprises in retail sales, tourism and agricultural production.

The bonds would run for a period not longer than 10 years from the date of issue and would be backed by the full faith and credit of the State. If approved, the bond authorization would take effect 30 days after the Governor's proclamation of the vote.

A "YES" vote favors authorizing the \$23,750,000 bond issue to finance the above activities.

A "NO" vote opposes the bond issue in its entirety.

Debt Service
Prepared by the Office of the Treasurer

Total estimated life time cost is \$29,628,125 representing \$23,750,000 in principal and \$5,878,125 in interest (assuming interest at 4.5% over 10 years).

Fiscal Impact Statement
Prepared by the Office of Fiscal and Program Review

This bond issue has no significant fiscal impact other than the debt service costs identified above.

Public Comments

No public comments were filed in support of or in opposition to Question 4.

Question 5: Bond Issue

Do you favor a \$10,250,000 bond issue to improve water quality, support drinking water programs and the construction of wastewater treatment facilities and to assist farmers in the development of environmentally sound water sources that will leverage \$33,250,000 in federal and other funds?

Intent and Content Prepared by the Office of the Attorney General

This Act would authorize the State to issue bonds in an amount not to exceed \$10,250,000 for the activities described below.

The Department of Environmental Protection would expend \$5,850,000 of the bond proceeds as follows:

- \$3,000,000 would go into an existing state revolving loan fund administered by the Maine Bond Bank and distributed by the Department of Environmental Protection in the form of loans to municipalities to construct and upgrade wastewater treatment facilities. These funds would be matched by approximately \$15,000,000 in federal funds (a 5:1 ratio of federal to state funds);
- \$600,000 would provide grants to municipalities for up to 80% of the cost to construct and upgrade wastewater treatment facilities. These funds are expected to leverage \$900,000 in federal and other funds;
- \$1,000,000 would go into the Small Community Grant Program to provide grants to towns in rural areas to help replace malfunctioning septic systems that are polluting a water body or causing a public nuisance;

- \$750,000 would be allocated to support the investigation and clean-up of uncontrolled hazardous substance sites where contamination by hazardous substances poses a threat to public health and water quality; and
- \$500,000 would provide grants to help fund the removal of individual overboard discharges of wastewater, with a high priority given to eliminating sources of contamination to shellfish harvesting areas and public nuisance conditions.

The Department of Health and Human Services, together with the Maine Bond Bank, would administer \$3,400,000 of the bond proceeds as part of the state's safe drinking water revolving loan fund. Loans from this fund may be issued to eligible public water systems to design, construct or improve drinking water supplies or treatment and distribution systems, or for any actions authorized or required under the federal Safe Drinking Water Act of 1996. These funds would be matched by approximately \$17,000,000 in federal funds (a 5:1 ratio of federal to state funds).

The Department of Agriculture, Food and Rural Resources would administer \$1,000,000 of the funds in the form of grants to farmers, awarded through a competitive process, to fund up to 75% of the cost of constructing or expanding environmentally sound water sources to irrigate crops and minimize drought damage. These bond funds would be matched by \$350,000 in other funds, representing 25% of the cost of these projects.

The bonds would run for a period not longer than 10 years from the date of issue and would be backed by the full faith and credit of the State. If approved, the bond authorization would take effect 30 days after the Governor's proclamation of the vote.

A "YES" vote favors authorizing the \$10,250,000 bond issue to finance the above activities.

A "NO" vote opposes the bond issue in its entirety.
