STATEMENT BY GOVERNOR JAMES B. LONGLEYWEDNESDAY, APRIL 2, 1975

I am very happy to announce today the creation by Executive Order of the Governor's Advisory Council on Business Development and Promotion. A group of the State's most outstanding and talented business and industrial leaders have volunteered their time and talents to help the state with a positive industrial development and business promotion program. This is another prime example of the willingness and desire of Maine people to help their state and as Governor, I am extremely grateful.

Mr. Woodbury Brackett - a former City Manager of Auburn - has agreed to serve as Chairman of this outstanding group of men and women.

I am confident this Advisory Council is going to serve as a valuable arm of the Governor's Office in its efforts to bring about a positive broad based economic development program for Maine. The men and women who have agreed to serve on this Council feel as I do that more and better jobs for Maine people are a top priority for Maine. This Council shall be available to the Governor for advice in the area of industrial development. Its top priority shall be to aid and assist the Governor in helping and retaining existing industries in the state and to promote Maine firms, products and people. I thank each and every person on this Council for agreeing to serve the State.
