## F O R E W O R D

This booklet contains the history and final disposition of legislative documents and papers introduced at the second regular session of the 108th Maine Legislature. The Legislative Information Office, in its efforts to monitor and provide an accurate account of such legislative activities, has published this concise handbook assembled with the aid of computer technology pursuant to the following order:

In the Senate January 3, 1979

ORDERED, the House concurring, that there be prepared after adjournment of the present session, by the Legislative Information Officer, a Register of all the Bills and Resolves considered by both branches of the Legislature, showing the history and final disposition of each Bill and Resolve and that there be printed 600 copies of the same. The Legislative Information Officer shall mail a copy of the Register to each member and officer of the Legislature and the State Law and Legislative Reference Library shall receive such number of copies as may be required. (SP 12)

The Maine Bill Status Reporting System, using the State Computer operated by Central Computer Services, furnishes to Legislators, State Officials, the Press and the public during each legislative session detailed status information on each piece of legislation pending before the Legislature. In addition, the bill status reporting system provides grouping of pending legislation in the following four categories: Subject matter, sponsor, committee of reference and document number. All of this information, updated each legislative day by the office, is quickly and accurately made available to any inquirer, either through Information Office personnel or through self-service on a computer terminal located within that office.

The bill status system has proved an invaluable information source for the following of legislation through the legislative process. The Office of Legislative Information welcomes any suggestions on how to make the system even more useful to the Legislature and to the public and hopes that this booklet will benefit all who have occasion to use it.

For ease of use you will note each entry has been inserted in a given order: Index by major, minor and detail subjects- Title - Paper and Legislative Document numbers - Sponsor, Cosponsor - Committee of Reference - Hearing date - Committee report - Amendments - Final disposition.

Please note the following list of abbreviations which were used in compiling this publication:

H.P.....	HOUSE PAPER
