## FOREWORD

The **History and Final Disposition of Legislative Documents** includes a summary of the Legislature's action on all legislative documents considered during the Second Regular Session of the 125th Legislature. The Second Regular Session convened on January 4, 2012 and was adjourned sine die on May 31, 2012. Bills passed during the Second Regular Session include:

Public Laws	Chapters	467-702
Private and Special Laws	Chapters	19-28
Resolves	Chapters	114-167

This document is produced from information, which is compiled by the Legislative Information Office throughout the legislative session and maintained on a computerized bill status system. Printed reports are available weekly on a subscription basis through the Clerk of the House.

The primary listing of legislative documents in this volume is organized by the joint standing committee to which bills were referred in the Second Regular Session. The following information is included for each legislative document:

- \* Legislative document number
- \* House or Senate paper number
- \* Sponsor and cosponsors
- \* Public hearing date
- \* Committee report
- \* Amendments adopted in the House and Senate
- \* Final disposition of the legislative document

A list of the Legislature's Joint Standing Committees and their jurisdictions follows this Foreword.

Following the listing by committee is a list of bills held or vetoed by the Governor. Following this list is a series of indexes, which are designed to assist the user in finding the bill or subject needed. The **Table of Contents** includes a list of these indexes.

The **Subject Index** uses terms to describe the scope and topics of the bill and its amendments. Most bills are indexed under more than one subject, and cross references are designed to assist the user in finding the subject. Appropriations bills are indexed showing the part and section where the subject can be found within the legislative document. In cases where an amendment introduced a new topic, a subject entry appears for that topic whether or not the amendment is adopted. If an amendment deletes a topic from a bill, the subject is left in the index as part of the history of the bill; thus the Subject Index indexes all legislative documents in any form in which they have been considered.

The History and Final Disposition of Legislative Documents is a summary report only and does not replace the official Senate and House journals or the actual legislative documents. If more detailed information about the status of bills or their contents is desired, please contact:
