### AN ACT Providing State Scholarships for Higher Education.

---

Be it enacted by the People of the State of Maine, as follows:

Sec. 1. R. S., T. 20, c. 510, additional. Title 20 of the Revised Statutes is amended by adding a new chapter 510 to read as follows:

#### CHAPTER 510

#### STATE SCHOLARSHIPS

##### § 368I. State scholarships established

State scholarships are established in the several counties of the State. Scholarships shall be maintained by the State and awarded as provided by this chapter.

Scholarships shall be awarded each county annually, on the basis of one scholarship for every 2 representative districts therein, and shall be awarded to the county at large without regard to representative district boundaries. For purposes of this chapter, counties having an odd number of representative districts shall be counted as having representative districts to the next even number. Scholarships shall be awarded on the basis of need and ability under rules determined by the State Scholarship Board. Additional scholarships shall be awarded each county on the same basis, in accordance with this section, in such number as may be fixed and determined by the State Scholarship Board with the approval of the Commissioner of Finance and Administration.

Each scholarship shall entitle the holder thereof to a grant of full tuition while in attendance at a state-supported college or university during a period of not to exceed 4 years of undergraduate study, or an annual grant of \$400 to be applied to tuition at any approved private college in this State, during a period

of not to exceed 4 years of undergraduate study, but not to exceed a total grant of \$1,600, such grant to be held subject to the limitations of sections 3683 and 3686. The grants shall be paid upon the warrant of the controller issued with the approval of the Commissioner of Education to or for the benefit of such holder at the rate of \$200 per term, but not to exceed 3 terms in any calendar year under regulations prescribed by the Commissioner of Education out of the fund referred to in section 3682. Such approval shall be given upon vouchers or other evidence showing that the person named therein is entitled to receive the sum specified, either directly or for his or her benefit. Payments may be made directly to the college attended by the person named in such certificate, in behalf of and for the benefit of such person under regulations prescribed by the Commissioner of Education. But a person who completed the requirements for a state scholarship in the month of January or June immediately prior to the actual award of the scholarship and who in the interim entered upon a course of study in a college may, on application, have such certificate become effective at the time when he began his regular college course.

§ 3682. State Scholarship Fund

There is created within the General Fund of the State a special State Scholarship Fund. Such fund shall consist of all money appropriated therefor by the Legislature and all money and property received by the State or the Commissioner of Education by gift, grant, devise or bequest for the purpose of providing funds for the payment of such scholarships and of all income or revenue derived from any trust created for such purpose.

Such fund shall be kept separate and distinct from the other state funds and payment shall be made therefrom to the persons entitled thereto in the same manner as from other state funds, except as otherwise provided by this chapter.

Whenever any such gift, grant, devise or bequest shall have been made or any trust shall have been created for the purpose of providing funds for such scholarships, the incomes or revenues derived therefrom shall be applied in maintaining scholarships in addition to those to be maintained by appropriations made by the State Legislature, as provided herein, and no part of such income or revenue shall be applied for the maintenance of state scholarships established for each county. Such additional scholarships shall be equitably apportioned by the Commissioner of Education among the several counties on the same basis as those created by section 3681.

§ 3683. State Scholarship Board to make rules

There shall be created a State Scholarship Board, consisting of the Commissioner of Education, the President of the University of Maine, the Chairman of the State Board of Education, one representative to be chosen by the Governor from among the Presidents of the several State Teachers Colleges, the President of the Maine Teachers Association and the Chairman of the Governor's Advisory Committee on Education.

The State Scholarship Board shall make rules governing the award of such scholarships including the determination of need and ability, the minimum levels of achievement to be required of each grantee in order to retain the scholarship for each succeeding year, the issuance and cancellation of certificates

entitling persons to the benefits thereof, the use of such scholarships by the persons entitled thereto, and the rights and duties of such State scholars, and the colleges which they attend, in respect to such scholarships, and providing generally for carrying into effect the provisions of this chapter.

§ 3684. Award of scholarships

Ministerial duties required to carry into effect the provisions of this chapter and the rules established by the State Scholarship Board shall be the responsibility of the Department of Education.

In case a pupil who is entitled to a scholarship shall fail to accept such scholarship within 15 days after being notified that he is entitled thereto or shall fail to comply with the rules of the State Scholarship Board as to such scholarships and the same shall have been revoked or cancelled on account thereof, or, if for any other reason such scholarship shall become vacant, then the pupil standing next highest to those pupils on such list for such county who have received scholarships, shall be entitled to receive appointment to such vacant scholarship.

If any person entitled to a scholarship or a holder of the same shall have become or shall hereafter become a member of the Armed Forces of the United States, his scholarship shall not be deemed vacant and he shall be entitled to reinstatement and to the unused benefits of his scholarship, if he resumes his college education within 18 months after honorable discharge. A pupil entitled to a scholarship under State Board of Education rules who failed to apply therefor within the time required by such rules to entitle him to a scholarship, and a pupil whose name would have been included in the list of names of candidates to be considered in the award of scholarships as provided herein except for errors or inadvertencies in the preparation of such list, may apply to the State Board of Education for a scholarship and if it shall appear to the satisfaction of the State Board of Education that there was reasonable cause for the failure of such pupil to apply for such scholarship as required by State Board of Education rules, or that an error or inadvertency occurred in the preparation of the list of candidates for such scholarships and it shall appear that except for such failure, error or inadvertency the applicant would have received a scholarship, the State Board of Education may award a scholarship to such pupil and such scholarship shall be issued and payments shall be made thereon out of moneys available therefor in the same manner as other scholarships are issued and paid.

In case a scholarship belonging to a county shall not be claimed by a resident of such county, or if there be no resident of the county entitled to appointment to the vacant scholarship in such county, the Commissioner of Education shall fill such vacancy by appointing from the state list the person entitled to such vacancy as provided in this section.

The Commissioner of Education shall cause such person entitled to receive appointment to a scholarship to be notified of his rights thereto and of his forfeiture of such rights by failure to make the application for such scholarship required under section 3685.

The Commissioner of Education may grant a leave of absence for a period of not to exceed 12 months to any holder of such a scholarship who is tem-

porarily unable to avail himself of the benefits of such scholarship because of illness or other cause satisfactory to the commissioner. Notwithstanding the time limitation contained in section 3681, the granting of such leave shall operate to extend the period of time during which the holder of such scholarship shall be entitled to the benefits thereof and shall not operate to reduce the total amount of such benefits.

#### § 3685. Issuance of scholarship certificate

Upon the application of a pupil duly notified of his right to a state scholarship, the Commissioner of Education shall issue to such pupil a scholarship certificate. Such application and such certificate shall be in the form prescribed by the Commissioner of Education and such certificate shall specify the college for which it is valid. Said commissioner may also require such additional statements and information to accompany such application as he may deem necessary.

#### § 3686. Revocation of scholarship

If a person holding a state scholarship shall fail to comply with the rules of the State Scholarship Board in respect to the use of such scholarship, or shall fail to attain the minimum level of achievement prescribed by the State Scholarship Board for the retention of such scholarship, or shall fail to observe the rules, regulations or conditions prescribed or imposed by such college on students therein, or shall for any reason be expelled or suspended from such college, or shall absent himself therefrom without leave, the Commissioner of Education may, upon evidence of such fact deemed by him sufficient, make an order under the seal of the State Scholarship Board, revoking such scholarship and thereupon such scholarship shall become vacant and the person holding such scholarship shall not thereafter be entitled to further payment or benefits under the provisions of this chapter and the vacancy caused thereby shall be filled as provided in section 3864.

#### § 3687. Courses of study

A person entitled to a scholarship shall not be restricted as to the choice of the college which he desires to attend or the course of study which he proposes to pursue; provided that no such scholarship shall include professional instruction in theology, or in any graduate courses following the receiving of a bachelor's degree; and provided that the college selected by the person entitled to such scholarship is situated within the State of Maine, and is incorporated as a college and authorized under the laws of this State and the rules of the State Board of Education to confer degrees. The term "college" as used in this section includes universities, professional and technical schools and other institutions for higher education authorized to confer degrees, requiring 4 years of undergraduate study to obtain a degree and approved by the State Board of Education; also "junior college" provided the person entitled to the scholarship pursues a course therein approved by the Commissioner of Education for 2 years of credit toward a degree in a college authorized by the State Board of Education to confer degrees.'
