ONE HUNDRED AND THIRD LEGISLATURE

Legislative Document

No. 707

H. P. 494

House of Representatives, February 8, 1967

Referred to Committee on Highways. Sent up for concurrence and ordered printed.

BERTHA W. JOHNSON, Clerk

Presented by Mr. McMann of Bath.

STATE OF MAINE

IN THE YEAR OF OUR LORD NINETEEN HUNDRED
SIXTY-SEVEN

RESOLVE, Authorizing the State Highway Commission to Study Desirability of Bridge Across New Meadows River.

Bridge across New Meadows River, study authorized. Resolved: That the State Highway Commission is authorized and directed to make a study of the need and cost of a highway bridge with necessary highway approaches thereto across New Meadows River on now or formerly Route 1 between the Towns of Brunswick and West Bath, in the County of Sagadahoc, to provide better drainage of water from New Meadows Lake and thereby terminating a polluted condition now existent; and be it further

Resolved: That the State Highway Commission is authorized and directed to make a study of the need and costs of enlarging the opening in the causeway and bridge across New Meadows River on Route 1A between the Town of Brunswick and the City of Bath which is a contributing factor to the polluted water of New Meadows Lake; and be it further

Resolved: That the commission shall report the results of its study at the next regular session of the Legislature.

STATEMENT OF FACTS

New Meadows Lake now has a polluted condition. By enlarging the opening in the causeway and bridge across New Meadows River on Route 1A between the Town of Brunswick and the City of Bath the water of New Meadows Lake would not be in such a polluted condition.
