STATE OF MAINE  
SENATE  
107TH LEGISLATURE  
FIRST SPECIAL SESSION

SENATE AMENDMENT " A " to H.P. 1857, L.D. 2025, Bill, "AN ACT  
Relating to Movement of Overwide Farm Equipment."

Amend said Bill by striking out everything after the amending  
clause and inserting in place thereof the following:

'Mowing machines, light farm tractors, not customarily operated  
over public ways, and other lightweight farming vehicles and  
equipment are exempted from this section, provided they are so  
equipped with lights or reflectors as to adequately warn other  
highway users of their extreme width to the front and rear during  
the times when such vehicles or equipment are being moved during  
the period from 1/2 hour after sunset to 1/2 hour before sunrise.'

Statement of Fact

The purpose of this amendment is to make it clear that the  
light or reflector requirements apply to overwide equipment as  
well as overwide vehicles and that such requirements only apply  
when such vehicles or equipment are being moved after dark.
