The Governor and the State Budget Officer when next preparing a Budget Document may at their discretion adjust the figures in parentheses, representing numbers of permanent positions, to reflect the number of positions which in their opinion is necessary to the proper operation of each department, institution or agency.

Sec. 10. New or expanded programs. No department shall establish new programs or expand existing programs beyond the scope of those programs already established, recognized and approved by the Legislature, until such program and the method of financing shall be submitted to the Budget Office for evaluation and recommendation to the Legislature, and until funds are made available therefor by the Legislature.

Sec. 11. Federally funded programs. It is the intent of the Legislature that in the event matching federal funds are not available as anticipated for programs in this Act, there is no obligation to provide state funds in excess of the appropriations listed in this Act. Positions entirely or partially funded by federal or other than state sources of funds shall be considered as limited period positions, notwithstanding the figures in parentheses representing number of employees, should such funds be withdrawn or reduced.

Sec. 12. Travel limitations. It is the intent of the Legislature that out-of-state travel be limited. Any state employee who travels out-of-state on state business, such as law enforcement, collecting, bidding, industrial development, loans, etc., may continue to do so. The Legislature directs that department heads hold down cost of all travel where it is not absolutely needed.

Sec. 13. Equipment to be reviewed. The Commissioner of Finance and Administration, through the State Purchasing Agent or such other agent as he may choose, shall conduct a thorough review of all types of equipment, owned, leased or otherwise available to the several departments and agencies of the State, regardless of the source of supporting funds, combining their use, providing centralized facilities, or eliminating existing equipment and facilities, as he believes to be in the most economical, most efficient and best interest of the State.

Sec. 14. Motor vehicle replacement policy. The State Purchasing Agent is directed to require that requisitions for replacement motor vehicles include the age and total mileage of the motor vehicle being replaced. For the purposes of this section, motor vehicles are defined as passenger cars, panel and pickup trucks, excluding those vehicles operated by the State Police. It is the intent of the Legislature that motor vehicles shall have been in service for at least 5 years or 50,000 miles before they are replaced. This policy shall also be adopted by the State Budget Officer when next preparing a Budget Document. Exceptions to the established replacement policy shall require the prior approval of the Governor and Council.

Sec. 15. Significant action recommended by Budget Officer. The Budget Office shall inform the Committee on Appropriations and Financial Affairs through the Legislative Finance Office of significant action recommended by it in the performance of the budget responsibilities hereby assigned.

Sec. 16. Other fund payments. There shall be paid from the General Highway Fund and all other special revenue funds the cost of accounting, auditing, purchasing and legal services furnished from the General Fund appropriations. This revenue shall be credited to the General Fund.

Sec. 17. Year-end closing. The controller is authorized to close the books as soon as practicable after the close of the fiscal years ending June 30, 1976 and June 30, 1977. Any bills presented after those dates may be paid from appropriations for the ensuing year on recommendation of the controller if within the amounts of approved allotments.

Sec. 18. Appropriation balances at year end. At the end of each fiscal year, all unencumbered appropriation balances representing state moneys, except those that carry forward as provided by law, shall lapse to Unappropriated Surplus as provided by the Revised Statutes of 1964, Title 5, section 1544. At the end of each fiscal year, all encumbered appropriation balances shall not be carried more than once, except in those accounts which carry forward from year to year by law.

State Budget Officer directed to take appropriate action.

Sec. 19. / The State Budget Officer is directed to take appropriate action as provided in the last paragraph of the Revised Statutes, Title 5, section 1667 if lapsed balances from 1975-76 are not sufficient to fund the appropriations of 1976-77 under this Act.
