STATE OF MAINE

IN THE YEAR OF OUR LORD NINETEEN HUNDRED
SEVENTY-SEVEN

**AN ACT Charging the Boiler Owner or Contractors for the Fees for
Additional Inspections Required by the Code.**

Be it enacted by the People of the State of Maine, as follows:

26 MRSA § 245, as last amended by PL 1971, c. 620, § 13, is further amended by adding at the end a new paragraph to read:

The fees for additional inspections required by the code shall be paid by the boiler owner or contractor. Such fees shall include the wages and expenses of the inspector.

STATEMENT OF FACT

Frequently, our boiler division is called upon to inspect the installation and alteration of welded power piping used in steam lines, feed and blowdown lines for boilers. Each installation or alteration requires several inspections at predetermined stop points. Presently, there does not appear to be any provision in the boiler law or rules to allow the bureau to charge the piping contractor for such inspection service.
