Statement of Fact

The purposes of this amendment are to:

1. To clarify in the declaration of necessity that focuses of the amended law will be students, not just youth, and all intellectual capacities (amendment to section 2 of bill);
2. To make language with respect to "easements" in section 6 of the Bill consistent with language in section 14 by using in both cases the phrase "easements and other interests in land" and to insert a comma between the words "machinery and equipment";
3. To correct section 10 by striking out the period at the end and inserting a colon;
4. To make the new language with respect to higher education consistent with existing language concerning hospitals by adding the word "jointly" (amendment to section 13 of the bill); and
5. To add the phrase "and air rights" to the powers of the authority to acquire property (amendment to section 14 of the bill).
