D. OF R.

(Filing No. S-29)

STATE OF MAINE
SENATE
110TH LEGISLATURE
FIRST REGULAR SESSION

COMMITTEE AMENDMENT "A" to S.P. 28, L D 24, Bill, "AN ACT to Permit 10% Overweight Tolerance for Certain Material Transported on the Highways."

Amend the Bill in the 3rd line (same in L D) after the amending clause, by striking out/after the words "rock materials" and inserting in its place '7'

Further amend the Bill in the 4th and 5th lines (3rd and 4th in LD) after the amending clause/the underlined words "any other unconsolidated materials the weight of which cannot reasonably be predetermined at the time of loading" and inserting in their place the underlined words 'including limestone'

Statement of Fact

This amendment makes specific the inclusion of limestone in the general category of rock materials but deletes the broad amendment of the bill which included "any other unconsolidated materials." This latter amendment could include almost any other type of load, loaded in bulk or which could absorb moisture.

Reported by the Majority of the Committee on Transportation.

Reproduced and distributed pursuant to Senate Rule 11-A.
