**AN ACT Amending the Protection of Underground Facilities Statute.**

---

Be it enacted by the People of the State of Maine, as follows:

23 MRSA § 3360-A, sub-§ 2-A is enacted to read:

**2-A. Underground facilities. All underground facilities shall have surface monumentation at all angle points or change of directions and as-built surveys shall be made of all underground facilities before back filling, with the surveys being made under the jurisdiction of a registered surveyor or survey engineer. All such surveys shall be recorded in the county registry of deeds where the real estate involved is located.**

STATEMENT OF FACT

The purpose of this bill is to require underground facilities to have surface monumentation at all angle points or change of directions, and to require as-built surveys on all underground facilities before back filling, which surveys must be filed in the appropriate registry of deeds.
