#### Statement of Fact

This amendment removes the term "center" and replaces it with the word "facility," to avoid confusion either by use of the initials "CCC" or with the Correctional Center.

The language pertaining to the power of officers is amended to resemble that for the State Prison.

The limitation on public service works to certain departments

of State Government or charitable organizations is lifted; now such work can be done for any level of government or a nonprofit organization. In addition, the department may now request, rather than require, the organizations to make some payment for incidental costs.

Escape is put into a separate section and clarified to mean any escape from the facility, not just from work or service assignments.

Reported by a Minority of the Committee on Health and Institutional Services.

Reproduced and distributed pursuant to Senate Rule 11-A.
