35	Leau:

1	3-A. Maine farm wineries. Maine farm wineries
2	shall pay an annual license fee of\$50.
3	For purposes of this section. "Maine farm winery"
4	means a facility that is fermenting, aging and bot-
5	tling its own wines within the State. If an inade-
6	quate amount of agricultural products used for raw
7	materials exists within the State, a holder of a
8	Maine farm winery license may file an affidavit and
9	application with the Bureau of Alcoholic Beverages
10	setting forth the unavailability of raw materials
11	within the State and requesting permission to import
12	those agricultural products from out-of-state. If
13	the bureau finds that there is in fact an inadequate
14^{10}	supply of raw materials within the State, it may au-
15	thorize the importation. If out-of-state raw materi-
16	als contribute to more than 50% of the yearly wine
17	production of a winery, then an excise tax shall be
18	levied on that out-of-state raw material at a rate of
19	4¢ per gallon, or its metric equivalent, on liquid
20	raw materials and 2¢ per pound on solid or semisolid
21	raw materials. The commission shall promulgate rules
22	for the collection of the excise tax.
22	Tor the correction of the excise tax.
