STATEMENT OF FACT

3 The Maine State Commission on the Arts and the 4 Humanities was established by the Legislature in 1966 5 with a mandate "to encourage and stimulate public in-6 terest and participation in the cultural heritage and 7 programs of our State and to expand the state's cul-8 tural resources." Responding to this charge, the 9 commission has set into motion programs that imple-10 ment this directive.

Our nationally known Artist-in-Residence Pro gram allows over 40,000 school children to partici pate in the arts under the guidance of professional
 Maine artists.

15
2. The Touring Artists' Program makes perform16 ances of the highest calibre available to a broad
17 spectrum of Maine communities.

18 3. Maine's arts institutions, theaters, museums, 19 musical and dance organizations, currently offer a 20 range of activities that serve their individual com-21 munities.

22 This appropriation allows 3 already established 23 and proven sponsored programs to broaden their bases, 24 to embrace and serve a greater portion of our 25 year-round residents throughout the entire State, es-26 pecially in rural and less populated areas.

The funding of these 3 programs no longer meets the demand, in fact, grant requests are more than 2 times greater than the funds currently available. This appropriation aids the commission in responding more realistically to the needs of many smaller communities by allocating moneys for outreach programs designed to enrich the cultural life of communities throughout our geographically vast State.
