§1674. Departmental indirect cost allocation proposal

Each department or agency of State Government, which is authorized to expend more than \$25,000 on a single project in any fiscal year on the construction, repair or improvement of state-owned real property, shall prepare and submit a departmental indirect cost allocation proposal to the Commissioner of Finance and Administration prior to that expenditure. These proposals shall be on file in the Department of 20 Finance and Administration.

21 The commissioner may promulgate rules necessary 22 to carry out this section.

Emergency clause. In view of the emergency cited in the preamble, this Act shall take effect on 1, 1985.

STATEMENT OF FACT

This new draft permits the Commissioner of Finance and Administration to standardize the various departments' existing indirect cost allocation proposals and to allow for a more accurate estimate of the total costs of construction, repair or improvement to state-owned property when performed with the departments' own personnel, equipment and supplies.
