L.D. 2107

2

(Filing No. S-398)

3

STATE OF MAINE

4

SENATE

5

112TH LEGISLATURE

6

SECOND REGULAR SESSION

7

SENATE AMENDMENT " B " to H.P. 1495, L.D. 2107,

8

Bill, "AN ACT to Clarify the Application of Water

9

Quality Standards to Hydroelectric Projects."

10

Amend the bill by striking out all of section 2

11

and inserting in its place the following:

12

'Sec. 2. 38 MRSA §634, sub-§1, as enacted by PL

13

1983, c. 458, §18, is amended to read:

14

1. Coordinated permit review. Permits required

15

under the following laws shall not be required by any

16

state agency for projects reviewed or exempted from

17

review under this subarticle: Land use regulation

18

laws, Title 12, sections 681 to 689; stream altera-

19

tions laws, Title 12, sections 7776 to 7780; great

20

ponds laws, sections 391 to 394; alteration of coast-

21

al wetlands laws, sections 471 to 478; and site loca-

22

tion of development laws, sections 481 to 490. Not-

23

withstanding section 654, the board may attach rea-

24

sonable conditions consistent with this Act concern-

25

ing the operation of hydropower projects. The board

26

shall give written notice to the Commissioner of In-

27

land Fisheries and Wildlife and the Commissioner of

28

Marine Resources of the intent of any applicant for a

29

permit to construct a dam.

30

Issuance of a water quality certificate required un-

31

der the United States Water Pollution Control Act,

32

Section 401, shall be coordinated for the applicant

33

under this subarticle by the Department of Environ-

34

mental Protection. The issuance of a water quality

35

certificate shall be mandatory in every case where

36

the board approves an application under this

37

subarticle. The commissioner or the director shall

38

issue this certificate within 5 working days of the

39

applicant's request or the issuance of a permit,

SENATE AMENDMENT "B " to H.P. 1495, L.D. 2107

1 which certificate shall state that there is a reason-
2 able assurance that the project will not violate the
3 applicable water quality standards, unless the board
4 has found under section 636, subsection 7, that the
5 project or discharge will result in significant harm
6 to water quality or will violate applicable water
7 quality standards. The coordination function of the
8 department with respect to water quality certifica-
9 tion shall not include any proceedings or substantive
10 criteria in addition to those otherwise required by
11 this subarticle. If the commissioner or director
12 fails to act on the certificate, the federal certifi-
13 cation requirements of the United States Water Pollu-
14 tion Control Act, Section 401, shall be waived.

15 Sec. 3. 38 MRSA §636, sub-§7, ¶¶E and F, as en-
16 acted by PL 1983, c. 458, §18, are amended to read:

17 E. Whether the project will result in signifi-
18 cant flood control benefits or flood hazards; ~~and~~

19 F. Whether the project will result in signifi-
20 cant hydroelectric energy benefits, including the
21 increase in generating capacity and annual energy
22 output resulting from the project, and the amount
23 of nonrenewable fuels it would replace; and

24 Sec. 4. 38 MRSA §636, sub-§7, ¶G is enacted to
25 read:

26 G. For an application filed after the effective
27 date of this paragraph, whether there is reason-
28 able assurance that the project will not violate
29 applicable state water quality standards, as re-
30 quired for water quality certification under the
31 United States Water Pollution Control Act, Sec-
32 tion 401.'

33 Further amend the bill by renumbering the sec-
34 tions to read consecutively.

D. W. R.

SENATE AMENDMENT " B " to H.P. 1495, L.D. 2107

1 STATEMENT OF FACT

2 The purpose of this amendment is to reorganize
3 and clarify the language of the bill. The amendment
4 also expressly conditions the commissioner's or di-
5 rector's issuance of a water quality certificate on
6 the board's prior actions in issuing a hydroelectric
7 power permit. The commissioner or director must is-
8 sue the certificate unless the board has made an ex-
9 press finding that applicable water quality standards
10 cannot be met by a project.

11 The amendment also makes clear, as was originally
12 intended under the Maine Waterway Development and
13 Conservation Act, that the board responsible for is-
14 suing permits must consider whether the project meets
15 the applicable water quality requirements. Though wa-
16 ter quality standards have been considered in review-
17 ing permit applications to date, it has apparently
18 not been clear to the boards responsible for issuing
19 permits that express written findings relating to
20 those standards were also to be made.

21 Thus, this amendment requires that for future
22 projects, the board responsible for issuing permits,
23 during the process of considering issuance of a hy-
24 droelectric power permit, not only consider but make
25 express written findings on whether a project will
26 violate applicable water quality standards. If that
27 board finds that the project will violate those stan-
28 dards, the commissioner or director is prohibited
29 from issuing the water quality certificate.

D. of R.

SENATE AMENDMENT " B " to H.P. 1495, L.D. 2107

1 Because a board responsible for issuing hydro-
2 electric power permits has considered applicable wa-
3 ter quality standards in reviewing previous applica-
4 tions, the Maine Revised Statutes, Title 38, section
5 636, subsection 7, paragraph G, as proposed in this
6 amendment, shall not be included in the application
7 of the retroactivity section of the original bill.
