The purpose of this amendment is to clarify a  
section of the bill to provide that money used in the  
program is provided to businesses and not used di-  
rectly by the authority to finance other types of  
business-related programs such as job safety and job  
training. Money may be provided to firms under this  
program to assist business in job safety and job  
training but not to businesses or programs that  
specialize in providing these services.
