STATEMENT OF FACT

15 Under current law, if a retired employee of a participating
17 local district is receiving retirement benefits and accepts
19 employment with the same district from which the employee had
21 retired, the amount that the employee may earn is limited. If
 the employee earns more than the authorized amount and excess
 retirement benefits are paid to the employee, the law requires
 that the retirement system be reimbursed for the excess payments.

23 This bill exempts 3 employees of the City of Lewiston from
25 the requirement of reimbursing the retirement system for excess
 payments.
