9-B MRSA §443, sub-§11 is enacted to read:

6 11. Automated teller machines; fees. A financial
8 institution that offers to make transactions by means of an
10 automated teller machine may not assess a fee for any transaction

financial institution. A reasonable fee, as determined by the
Bureau of Banking, may be charged to a person using an automated
teller machine if that person does not have an account with that

STATEMENT OF FACT

Maine banks have been imposing fees for customer use of automated teller machines at the customer's own bank as well as at other banks. This bill bans the imposition of a fee on a person who has an account with the bank and gives the Bureau of Banking authority to regulate fees.
