12 PART LL

14 Sec. LL-1. 36 MRSA §457, as amended by PL 1987, c. 769, Pt.
16 A, §150, is repealed and the following enacted in its place:

18 §457. State tax on telecommunications personal property

20 1. Definitions. As used in this section, unless the
22 context otherwise indicates, the following terms have the
following meanings.

24 A. "Telecommunications business" means a person engaged in
26 the activity of providing interactive 2-way communication
services for compensation.

28 B. "Telecommunications personal property" means personal
30 property used for the transmission of any interactive 2-way
32 communications, including voice, image, data and
34 information. Transmission of communications includes the
36 use of any medium such as wires, cables, community antenna
38 television or other broad band cables, microwaves, radio
40 waves, light waves or any combination of those of similar
42 media. Telecommunications personal property includes
44 qualifying property used to provide telegraph service.
46 Telecommunications personal property does not include
48 property used solely to provide value-added nonvoice
services in which computer processing applications are used
to act on the form, content, code and protocol of the
information to be transmitted, unless those services are
provided under tariff approved by the Public Utilities
Commission. Telecommunications personal property does not
include single or multiline standard telephone instruments.
Notwithstanding section 551, "telecommunications personal
property" includes any interest of a telecommunications
business in poles.

50 2. Tax imposed. A state tax is imposed on
telecommunications personal property.

2 3. Determination of just value. The state tax is imposed
upon the just value and ownership of the property as of April 1st
of the taxable year.

4
6 4. Assessment. The State Tax Assessor shall assess a tax
on telecommunications personal property owned or leased by a
telecommunications business. Telecommunications personal
8 property owned or leased by a person who is not a
telecommunications business must be assessed a tax by the
10 municipal assessor in the municipality in which the property is
located on April 1st of the taxable year.

12
14 5. Transitional assessment schedule. The amount of the
assessment prior to June 1992 is determined as set forth in this
section. This assessment is intended to make the transition of
16 the tax imposed by this section to a fiscal year basis and is
payable in full by May 1992.

18
20 A. For the June 1991 assessment, the assessment is an
amount equal to 27 mills multiplied by the April 1, 1991
just value of taxable property.

22
24 B. For the June 1991 special assessment, the assessment is
an amount equal to 17 mills multiplied by the April 1, 1991
just value of taxable property.

26
28 C. For the December 1991 assessment, the assessment is an
amount equal to 10 mills multiplied by the April 1, 1991
just value of taxable property.

30
32 6. Assessment procedure. Beginning June 1992, 2
assessments must be made annually on telecommunications property
of a telecommunications business. The first assessment is made
34 during June and is due on the following October 1st. The 2nd
assessment is made during December and is due on the following
36 April 1st. Each assessment must be an amount equal to 13.5 mills
multiplied by the previous April 1st just value of taxable
38 property.

40
42 7. Municipal assessment. The tax assessed by municipal
assessors is at the rate of 27 mills for each taxable year. The
date of assessment is to be consistent with the date of
44 assessment of other property subject to property taxation by the
municipality.

46
48 8. Collection. Taxes assessed by the State Tax Assessor
must be enforced as generally provided by this Title. Taxes
assessed by municipal assessors must be enforced as other locally
50 assessed personal property taxes.

52 Sec. LL-2. 36 MRSA §2521-A, first ¶, as amended by PL 1989, c.
702, Pt. E, §13, is further amended to read:

2 Every insurance company, association or attorney-in-fact of
4 a reciprocal insurer subject to tax as imposed by this chapter
6 shall on or before the last day of each April, June and October
8 file with the State Tax Assessor on forms prescribed by the State
10 Tax Assessor a return for the quarter ending the last day of the
12 preceding month, except for the month of June, which is for the
14 quarter ending June 30th. These returns may be on an estimated
16 basis, provided that each April and June installment equals at least 25% 30% of the total tax paid for the preceding calendar
18 year or 25% 30% of the total tax to be paid for the current
calendar year and each October installment equals at least 20% of
the total tax paid for the preceding calendar year or 20% of the
total tax to be paid for the current calendar year. An authorized
company official shall affirm which elective is selected. Such
elective cannot be changed during the current calendar year. The
final return must be filed on or before March 15th covering the
prior calendar year.

20 Sec. LL-3. 36 MRSA §5228, sub-§5, as repealed and replaced by
