STATEMENT OF FACT

Pursuant to Public Law 1989, chapter 144, certain types of air quality standards and rules, as adopted by the Board of Environmental Protection, are no longer required to be enacted by the Legislature to remain in effect. There are presently 14 of these rules administered by the Department of Environmental Protection. Each rule has an identical, corresponding section of law in the Maine Revised Statutes, Title 38. This bill repeals those duplicative laws.
