12 **STATEMENT OF FACT**

14 Currently, this State restricts the manufactured housing
that is eligible for the state certification program to that
16 defined in the Maine Revised Statutes, Title 10, section 9002,
subsection 7, paragraph B, that is, housing that complies with
18 the Manufactured Housing Act. This amendment adds manufactured
housing that is in compliance with federal Department of Housing
20 and Urban Development standards to the housing that is eligible
for state certification.

22 Currently, technical submissions for alterations to
24 buildings need not be executed by an architect if the work does
not affect the structure of the building and does not involve a
26 building permit or when the building is a dwelling. The bill
proposed to remove the building permit provision of the
28 exemption. The amendment eliminates this proposed change. The
amendment also adds a fiscal note.
