A license may be placed on inactive status only upon proper application by the licensee and payment of the required fee. During inactive status, the licensee shall renew the inactive status every 3 years.

A licensee who has surrendered the license pursuant to this section may have the license returned to active status by proper application for an active license and payment of that fee, except that a license placed on inactive status after the effective date of this section and remaining inactive for 3 or more years may be reactivated only by successfully passing a license examination designated by the board.

Licensees who choose to return to active status after 3 years must pass an examination as designated by the Board of Barbering and Cosmetology.
